the minimum which the powers will accept from Russia.

"If the Soviet delegates do not accept the general lines of this document," it was added, "then it is certain all negotiations with Russia will be suspended for some time, probably until another form of government arises in Russia."

**RESERVE BANK HEADS APPROVE WORLD PARITY.**

WASHINGTON, May 2.—(United Press.)—Governors of the twelve Federal Reserve Banks, meeting in Washington today, are understood to have given approval to the informal suggestion from Europe that Benjamin Strong, governor of the New York bank, and probably one other banker, join in a world-wide conference on European problems. Strong would represent the reserve banks, however, and not the government of the United States. While the reserve board is a government body, the reserve banks are privately owned.

**Tariff Bill "Haunt"**

**Charged by Senator**

WASHINGTON, May 2.—Charges that representatives of the predatory interests day after day, week after week and month after month, "haunted" the Senate finance committee room, where Republican committeemen were frantically administering tariff bills, were made today in the Senate by Senator King of Utah.

**New India Revolt Brewing, Is Report**

LONDON, May 2.—Revolution is brewing in India and a great outbreak is threatened, according to a Paris despatch to the Daily Express, quoting Aga Khan, famous Indian Nationalist leader, who arrived there today from India.

**New Water Project Declared Feasible**

ROSEVILLE, May 2.—The engineers' report as to the feasibility of watering 40,000 acres of land in the foothill and valley regions near this city is ready for presentation, according to the announcement made by members of the irrigation committee. The water will be obtained from the American river at the Folsom prison dam.

## 1000 Chinese Surrender to Fire Crackers

(Copyright, 1922, by International News Service)

**WU PEI FU'S HEADQUARTERS, POA TING FU, China, May 2.**—"For ways that are dark and tricks that are vain, the heathen Chinese is peculiar."

The old verse is being exemplified in the strategy being employed in the present fighting.

The first prisoners of war—1000 of Chang Tso Lin's soldiers—were captured by troops fighting under Wu Pei Fu by a trick which supplanted modern instruments of warfare.

The detachment of Chang's army was encountered the first day of the fighting. No machine guns were available for an assault at that point, but this did not worry Wu's strategists. A number of five-gallon oil cans bearing a familiar American label were pressed into service. Hundreds of firecrackers set off inside the cans gave forth a sound identical with heavy machine gun fire. The noise was enough. The detachment surrendered.

## Rich Strike Made in Nevada County

NEVADA CITY, Nevada County, May 2.—Reports of a rich strike from the Malakoff mine near North Bloomfield, about fourteen miles from this city, were confirmed here today. The mine is a gravel proposition, and since last August W. C. Rowe and Abe Hall of Grass Valley and a number of associates have been at work on an incline shaft in the property, driving it to strike the bed rock.

Early this week the bed rock was struck at a depth of 203 feet and gravel varying rock values per pan taken out. It is estimated that there is over 500,000 cubic yards of gravel ready to be blocked out.

The strike is regarded as one of the most important made in this section in years, and will mean the revival of the old mining town of North Bloomfield.

**Contra Costa Man Buys Tehama Ranch**

RED BLUFF, May 2.—The sale of the 161-acre tract of John Loefer on the South Fork of Cottonwood creek, ten miles west of the town of Cottonwood, takes rank as the largest ranch deal in California since the first of the year. W. R. Wood of Contra Costa county is the new owner.

Another important deal was the purchase of the J. R. Edwards ranch of 160 acres on Elsie creek, seven miles west of Red Bluff, by Morris Arnold, a Fresno farmer.

**FINED UNDER POISON ACT.**

After entering a plea of guilty to three charges of violating the state poison act, Fred Hunter was today fined \$100 on each charge by Police Judge Smith.

## BORAH PRAISES LLOYD GEORGE'S AIMS AT GENOA

Russ Recognition and Revision of Versailles Treaty Are Held Vital.

By WILLIAM E. BORAH, United States Senator from Idaho. (Written for International News Service.)

NEW YORK, May 2.—The success of the Genoa conference is a thing which, I suppose, every thinking person now has in mind. It would be discouraging and depressing to the last degree if the conference should fail.

Lloyd George is having the fight of his life, and if he succeeds he will have rendered a service to the whole world second to the work of no statesman of the last century.

Lloyd George believes there ought to be a political recognition of the Soviet government, and he undoubtedly believes there ought to be a complete modification of the reparations clauses of the Versailles treaty.

There can be no settlement of the European problem unless the Russian problem is settled, and there can be no settlement of the European problem unless the reparations problem is settled.

If Premier Lloyd George can bring about these two objects he will have laid the foundation for the recovery of Europe. Without the settlement of these two problems the Genoa conference will be a failure.

Personally, I should like to see our government recognize the Soviet government. Not that I believe that the Soviet government as it now exists will be permanent, but I do believe that it is the route over which the Russian people are to travel in order to effect a real, permanent and sane government.

**\$25,000 Paid for Morse Pardon Charge**

WASHINGTON, May 2.—(By International News Service.)—A political eruption, replete with oratorical fireworks, was precipitated in the Senate today when Senator Caraway, Democrat, of Arkansas, charged that Attorney General Daugherty had been paid \$25,000 to obtain a pardon for Charles W. Morse, New York banker, who served a term in the Atlanta penitentiary.

A fiery denunciation of Caraway and denial of the charge of Senator Watson, Republican, of Indiana, came to a climax in the passing of the "lit," which was immediately withdrawn by Watson.

## BRITISH GRANTED MONOPOLY OVER RUSS OIL FIELDS

Pact With Soviet Reported, Giving Shell Control of Production, Sales

(Continued from Page 1)

States was unfriendly toward Russia, the despatch added.

At the beginning of the Genoa conference, A. C. Bedford, chairman of the board of directors of the Standard Oil Company of New Jersey, went there for meetings with foreign delegations. It was understood his chief concern was to get rights in Mesopotamia and Persia.

**DRAWN IN FEBRUARY, SAYS PARIS REPORT.**

PARIS, May 2.—(By the Associated Press.)—The contract between the Russian Soviet government and the Shell group of British oil companies, by which the latter obtains a monopoly of the transportation and sale of Russian petroleum, says a despatch to L'Information from Genoa, was drawn up in London in February. It was signed and made public, he adds, as soon as the attitude of M. Barthou of the French Genoa delegation, on the question of recognition of private property rights in Russia became known.

ated Press.)—The contract between the Russian Soviet government and the Shell group of British oil companies, by which the latter obtains a monopoly of the transportation and sale of Russian petroleum, says a despatch to L'Information from Genoa, was drawn up in London in February. It was signed and made public, he adds, as soon as the attitude of M. Barthou of the French Genoa delegation, on the question of recognition of private property rights in Russia became known.

## Ford Plant Contract Tentatively Amended

WASHINGTON, May 2.—(By International News Service.)—The tentative contract of Henry Ford, under which he would operate the Muscle Shoals nitrate project, was amended today to compel him to organize an operating corporation with no less than \$10,000,000 capital.

The original contract submitted by Ford contained no financial provisions for the corporation, but the amendment was offered before the Senate agriculture committee as an evidence of Ford's "good intention."

The corporation "would be directed by a board of nine members, seven of whom would represent agricultural organizations of the country."

**Government Plans Coal Reorganization**

WASHINGTON, May 2.—Investigation by the commerce department into underlying difficulties in the coal industry, such as intermittency of production and irregularity of production, is being expedited, it was learned today with a view to securing data which might be used in the proposed administration plan for reorganizing the entire industry.

## Irrigation Planned For Western Fresno

FRESNO, May 2.—Assurance of the ultimate irrigation of many thousands of acres of fertile land in the rapidly growing agricultural community of San Joaquin, in the western part of Fresno county, and the more rapid and extensive developments of the projects now underway, is given by the San Joaquin Light and Power Corporation in the construction of nineteen miles of 60,000-volt transmission line, connecting the San Joaquin and Mendota sub-stations, giving this section of the country a two-way feed to sub-stations and a double assurance against shutdown and interruption of service, announced E. B. Stahl, district manager for the power company at San Joaquin, who stated also that the line would have the effect of changing the water situation in that part of Fresno county from a probability to a certainty.

## INDIAN GIRL IS KILLED BY SNAKE'S BITE

STOCKTON, May 2.—Bitten by a huge rattlesnake, an 11-year-old Indian girl, daughter of Tillie Jeff, died at the Dietz ranch above, Angels Camp, yesterday.

The child was on her way to visit a neighbor Sunday afternoon and was walking barefoot along the trail. The snake struck her, fastening its fangs in her great toe and wrapping its body around her leg.

The girl ran half a mile with the snake clinging to her. When it released its hold it tore away a piece of the flesh. The girl continued her flight to the Dietz ranch, where she was given medical treatment. She lived at Indian Mancharia at Six-Mile Creek, east of Angels.

**KILLED IN ACCIDENT.**

GOLDENDALE, Wn., May 2.—Elias P. Lindberg, well known Klickitat county sawmill operator, was killed yesterday when his machine backed off the grade and rolled down a steep hillside. Lindberg was found at the bottom of the canyon with his skull crushed and both legs broken.

## Divorce Is Asked In Counter Suit

In an answer to the suit filed several months ago by Ellen F. Spooner, charging William A. Spooner, labor leader, with desertion and failure to provide for her and two children, Spooner has made charges that his wife told other labor leaders and their wives that he was a "crook," that he was running a gambling game in the labor temple financed by Stanton W. Lore, manager of the 7th-City Labor Review, and that he had "sold out" union labor to the Bethlehem Shipbuilding company.

Spooner asks the court to refuse the separate maintenance demanded by Mrs. Spooner, and to give him a divorce.

In an answer to these charges, Mrs. Spooner accuses her husband of having lived at a local apartment house with another woman during June of last year. She declares that he represented the woman, whom she names as "Jane Doe Roberts," to be his wife.

Mrs. Spooner was recently granted temporary maintenance of \$22.50 a week by Superior Judge Harris, pending hearing of her suit.

## EDUCATION IS URGED AS AID TO U. S. BUSINESS

Major Morgan Tells Kiwanis  
Club of Trade Losses  
Since World War.

America will never be able to win a tariff war nor to compete industrially with other nations until every man in business, from the superintendent down, is properly educated in the fundamentals of his calling or occupation. Major William T. Morgan told members of the Kiwanis Club yesterday.

At the luncheon Major Morgan delivered the same address he has given before other clubs in the city. He will remain here until about the middle of June. The subject of his address was "Education and Its Relation to Industry."

During his speech Morgan gave some startling facts and figures to show how American industry had fallen down since the war.

"We have lost everything since the war," he said. Speaking of foreign trade, Morgan declared that in one year this country lost 4,000,000 yards of cotton cloth to Venezuela, 10,000,000 tons of structural steel and 52,000,000 pairs of shoes to Venezuela and Argentina.

W. Metcalf, associate professor of forestry at the University of California, delivered a short talk on the necessity of preserving the forests, and urged every member of the Kiwanis Club to cooperate in this movement.

## ASK THE TRIBUNE Bureau Information

"Would you please tell me how to remove white paint from a door?"

Turpentine is generally considered the best thing to remove paint.

"What is the shortest and best road from here to Billings, Mont.?"

Call up OAKLAND TRIBUNE, branch office, 1122 San Pablo by phone, or call in person; they will give you a marked map of the road. In going to Billings take the highway up the coast to Portland, from there to Hood river, Oreg., thence to Walla Walla, Wash., from there to Spokane, and from there by way of the Yellowstone Trail to Billings. The distance is approximately 1200 miles.

"What compensation does a veteran of the Spanish-American War receive?"

From \$12 to \$30 a month, depending upon the degree of disability as disclosed by medical examination. If 62 years old, he is entitled to \$12 a month on the grounds alone, whether he is disabled or not.

"How much does the widow of a Spanish-American war veteran receive?"

She is entitled to \$12 a month if the death of her husband was not in line of duty. If his death was due to service, she is entitled to \$25 a month.

The TRIBUNE Information Bureau will answer all questions of a general nature except school or legal problems, debates, trade and firm names and queries as to the time of day.

The bureau is open every day except Sunday, from 8 a. m. to 9 p. m.

If answers are desired by mail stamps must be enclosed. Quickest results can be obtained by telephoning to the bureau. If you have any problems of a general nature to solve, ask The TRIBUNE Information Bureau, Lakeside 6000.

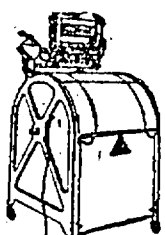

## Y. M. I. to Give Dance Next Week

Arrangements are being made for a spring dance to be held in St. Anthony's Hall, East Sixteenth street and Sixteenth avenue, East Oakland, Tuesday evening, May 9, by Gleason Institute No. 160, Young Ladies' Institute. The music for the dance will be furnished by the Novelty Syncopators.

## Concerts Are Given For School Children

BERKELEY, May 2.—Under the direction of Louis Persinger, the San Francisco Chamber Music Society today gave two concerts for

school children in this city. The first concert was held at 2:30 at the Willard School for pupils of the John Muir, Emerson, La Conte, Willard, McKinley and Olive schools. The second concert was given at 3:30 at the high school.

Today's concerts constitute the third of a series arranged by William Edwin Chamberlain. The program contained quartets from the works of Mozart, Haydn and Beethoven and several other selected numbers.

## Dramatic Contralto Will Give Concert

Madame Irene Howland Nicoll, dramatic contralto, with Kajetan Attli, harpist of the San Francisco Symphony Orchestra, an assisting

artist, and Edgar Albert Thorpe as accompanist, will be heard in a concert to be held Friday evening at 8:30 at the Ethel Auditorium, 1440 Harrison street. Madame Nicoll's voice is described by critics as richly colored, sonorous and amply powerful. Tickets for the concert are for sale at Sherman & Clay's, Oakland, and at Tupper & Reed's, Berkeley.

SUPREME COURT RECESSES.  
WASHINGTON, May 2.—The Supreme Court today took a recess until May 15.

CITY CANNOT GAMBLE.  
BRIGHTON, Eng.—On the ground that a municipal government cannot be guilty of conducting a gamble house, the courts quashed an indictment against the Mayor and City Corporation for permitting slot-machines.

## BILL PROPOSED TO ABOLISH PRIVATE LAND IN ENGLAND

Law Would Vest New Ministry of Lands With Control of Property.

LONDON, May 2.—A bill to abolish private property in land and to transfer all lands in Great Britain which is not already the property of the crown or of any public authority to a newly created Ministry of Lands has been introduced into the House of Commons. In the case of agricultural land, while all the buildings (except laborers cottages) and other permanent improvements would be transferred to the new ministry, the measure provides arrangements whereby they can become the property of the tenant and form part of the tenant right, together with all other improvements made by him. Compensation to owners is to be paid in the form of 4 per cent National Land Stock (providing an annual income equal to the present net letting value of the land transferred) redeemable at par after 30 years. After the redemption of the stock one-fourth of the net revenue of the land would be applicable to national purposes and three-fourths to local purposes.

## Hardings to be At Marion Centennial

MARION, Ohio, May 2. (United Press.)—President Harding's home-tour is preparing to celebrate its birthday. Plans have been completed for President and Mrs. Harding to be honored guests one day of the centennial celebration. The date depends upon the executive but he has assured the committee in charge he will arrive the first week in July.

A pageant with the Hardings taking a prominent part will be the main feature of the celebration. A deserted log cabin that had been occupied by a squatter was "Marion" in 1822, when state commissioners designated the spot as the county seat. Mail at first came by stage coach from Columbus about once a week and visitors were as rare then as they were commonplace when "best minds" gathered here last year with President Harding. Ten years after Marion was incorporated the population was 300 and has now increased one hundred times.

## Hawk Plays Stork, Delivering Baby Pig

BEVIDDIE, Ill., May 2.—The strange incident of a hawk playing the role of a stork and depositing a live pig on the farm of H. C. Stanley, of Cherry Valley, was told at the sale of the porker after it had grown to killing size. A dog on the Stanley farm noticed the hawk flying low over the farm, followed by a flock of crows. Chasing the strange spectacle, the dog frightened the hawk, and it dropped its prey. The baby pig was fed with a spoon until it grew strong. At the time it was sold the pig weighed 325 pounds and was the father of thirty pigs.

## Canada Goods Reach \$600,000,000 Value

WINNIPEG, Man., May 2.—Manufactured products in the four Western Canadian provinces had an approximate value of \$600,000,000 last year, according to the annual report of commercial organizations. This is five times greater than the aggregate value ten years previous. Capital now invested in industry in the provinces is estimated at \$500,000,000. Cities that are becoming industrial as well as agricultural centers include Winnipeg, Regina, Saskatoon, Prince Albert, Brandon, Edmonton and Vancouver.

## Sale Coats, Capes, Dresses

"What," you will exclaim, "another sale at Upright's." Yes it is true that this is a sale store because we merchandise in such a way that we are always buying at price concessions and selling at price concessions. That is why we have won the reputation of giving the greatest bargains in wearing apparel in the city. There are thousands of shrewd shoppers, numbering among them the best dressed women of the city, that attend Upright's sales, because they buy fine apparel way below the prices they would have to pay in exclusive shops and more pretentious stores. Come to this sale expecting wonderful values in coats, capes and dresses.

## Coats, Capes, Wraps

Greater values than these we firmly believe have not been offered this season. A strong statement, but we would not make it if the garments were not here to back up our words. One glance at them and you will see how different they are from the general run of garments sold at this price. Splendid velours. Beautiful silk linings. The colors are what fashionable women are requesting. See these at \$23.75.

## Special Sale Tweed Suits

The newest fashions and colorings of the season. Fine tweeds, homespuns, and every suit is silk lined and exceptionally tailored. Ordinarily these suits would sell at a far higher price, but we secured them at a great price concession to sell in this special sale at \$16.75. Sizes for women and misses in the assortment.

## Jersey Suits

\$8.75

Women's and misses' styles in fine quality wool jersey suits. Tuxedo and other styles to choose from. All the wanted shades of the season.

## Jersey Coats

\$2.89

Women's and misses' wool jersey coats in a range of spring shades. All at a substantial saving.

## Wool Skirts

\$2.50

Women's and misses' new wool skirts for spring and summer. Pleated styles, plain and striped effects.

## Send us a Photo of Your Baby for This

## Baby Photo Contest

1st Prize \$30

2nd Prize \$10

Two cash prizes will be awarded to the prettiest babies judged from photographs received during this ten-day sale. Oakland newspapermen will be the judges. Photographs received will be on display in one of our display windows during the sale. There are no strings to this offer. The advertising man wants to know "who is who" among babydom. Just enter your baby's photo. Put the name and address on back of the photo. Mail or bring to Upright's store and present to any department head or floorman. Photographs may be obtained after the sale and after prizes are awarded by calling at the advertising department of Upright's.

## Hiking Coats, \$2.50

Norfolk coats made with yokes with strapped front and back; full belted styles and made with two pockets.

## Hiking Breeches \$1.95

Made from a good sturdy quality of khaki, well reinforced where the wear and strain is the greatest. Two pockets.

## Slipover Sweaters \$1.00

A large assortment of fine wool slipover sweaters for women and misses, in sleeveless styles—all the new spring shades.

## 42x36 Pillow Cases 21c

Our famous Clover pillow case, excellent quality. Very special at 21c.

## Tub Dresses, \$1.79

Exceptionally fine quality gingham and chambray, trimmed with clusters of flowers and embroidery. Contrasting colors for trimmings; some with white sashes and pockets. Full range of sizes.

## Voile Blouses, \$1.89

Fine voiles and dimities and pongettes, in Peter Pan and tuxedo collar styles—many frilled and tucked effects. All are daintily trimmed in contrasting materials of gingham, organza and pretty embroidery effects. Sizes to 44 in the lot.

## Jersey Petticoats \$2.79

Women's all silk jersey petticoats in solid colors, with contrasting colors in pleated flounces; elastic fitted waist. Very special at \$2.79.

## Children's Dresses 98c

Fine gingham and chambray for girls 6 to 14 years—all new spring styles; sash tie backs. Good assortment to select from. Slipover and side buttoned models. Specially for this sale at 98c.

## Linen Huck Towels 19c

18x36-inch linen huck towels or linen mixed towels—some hemstitched, some slightly imperfect—at 19c.

## Plaid Blankets, \$2.65

68x84-inch heavy warm fleecy plaid cotton blankets—a special sale value at \$2.65. These are single blankets, but double bed size.

## Wool Blankets, \$5.95

Fine single gray (O. N.) all wool blankets. A wonderful all-year-round blanket for home use or for the camp at \$5.95.

## 10 yards Longcloth \$1.98

Excellent fine quality English finish longcloth, greatly underpriced—the bolt, \$1.98.

## Table Damask, 49c

A special mill purchase of good quality bleached table damask in 2 to 10-yard lengths. Heavy dice pattern. Slight spots received in the making brings this table damask now at just 49c the yard. Spots can be removed. See this special lot of damask, greatly underpriced for this sale at 49c the yard.

## Oil cloth, 25c yard

A special shipment of 48-inch white oilcloth, also light and dark colors. Greatly underpriced for this sale—the yard, 25c.

## Gym Bloomers, 98c

Girls', women's and misses' gym bloomers of fine black satin. Full pleated styles with elastic knee. Sizes to 20. A value supreme at 98c.

## Boys' Wash Suits, \$1.00

Very extraordinary values—the chevrons that wear well and wash well; sailor collars and black ties; 3 to 7 years. Very special at \$1.00.

## Full Fashioned Hose, \$1.65

Women's extra fine quality pure thread silk hose in full-fashioned styles, well reinforced. Black only, all sizes. These are very specially priced for this 10-day sale at \$1.65 the pair.

## Silk Gowns, \$3.65

Women's dainty crepe de chine gowns of a very fine quality, with many styles of lace tops or plain tailored; flesh color. These are all extraordinary values for this sale at \$3.65.

## Wool Sweaters, \$1.89

Women's and misses' new spring wool slipover sweaters. Fancy and plain weaves. All the wanted spring shades. Ordinarily they sell at a far higher price than \$1.89. All sizes.

## Sale of Corsets, \$1.48

These are corsets of splendid make. Medium and low bust, long or medium hips. Made of pink or white coutil, some with elastic tops. Sizes to 36 in this group. All wonderful values for this sale at just \$1.48.

## 27-inch Gingham, 15c

A splendid 27-inch dress gingham in plaids, stripes and checks. Good assortment of colors. Specially priced for this sale. Yard, 15c.

## Table Cloths, \$1.00

58x88-inch scalloped table cloths of fine quality mercerized damask; very pretty patterns, some with colored scalloped work.

## Gingham, Lancashire, 25c

Handfuls of beautiful spring patterns to select from—plaids, stripes, checks and plain colors. Excellent quality zephyr gingham and the famous Lancashire cloth handled exclusively by Upright's. All very specially priced—the yard, 25c.

## 40-inch Voiles, 29c yard

Beautiful light, medium and dark patterns and colorings in these dainty dress voiles for spring sewing. Each figured and dotted pattern. These are 36 and 40 inches wide. All very specially purchased and priced way less than what they are really worth. See these at 29c.

## Selling of Fruit On Main Streets Barred

SAN LEANDRO, May 2.—City Attorney J. Allison Bruner was instructed by the Board of Trustees of San Leandro last night to prepare an ordinance prohibiting the selling of fruit on the main streets of this city during the summer season. According to Marshall J. P. Porilla, the practice is a nuisance both to motorists and the pedestrians. It was decided to accept an offer by J. B. Mendonca that the city utilize a portion of his land, lying near the beach, free of charge, for disposing of garbage.

The widening of the San Leandro bridge was discussed and it was decided to enter into an agreement with the Oakland Traction Company before acting.

## Arbuckle's Wife Again Goes to N. Y.

LOS ANGELES, May 2.—Mina Durfee, wife of Roscoe Arbuckle, who rushed to San Francisco from the East to be at the side of the comedian during his trial for manslaughter, left here today for New York.

"I'm only going for a few months," she said. "I'm not leaving Roscoe. It's just a visit to see my folks."

On the same eastward-bound train was the matinee idol, Bull Montana, bound home to see his folks, too. The "Bull" is on his way to Italy.

## BIKE VICTIM BURIED.

MERCED, May 2.—The funeral of the late George Broda, 26, was held yesterday morning from the Catholic church. Interment was made in the local cemetery. Broda, riding his motor cycle was struck by a Santa Fe passenger train near here on April 26. The coroner's jury absolved the railroad company of all blame, the verdict declaring that he met death while "attempting to cross ahead of the engine."

The train crew said the lad attempted to beat the train to the crossing. The rear wheel of his

## SAN LEANDRO

## BAIL FORFEITED, FINES ASSESSED IN SPEED CASE

SAN LEANDRO, May 2.—Judge W. J. Gannon yesterday declared forfeited the bail of four persons charged with speeding, held over sixteen cases until next week. The following were fined: Benson Miller, Oakland, \$15; Hugh Chandler, Oakland, \$25; Elizabeth M. Sloan, Irvington, \$10; Miss A. B. Christian, San Diego, \$35; Roy E. Bartholomew, Campbell, \$10; Frank Garcia, and Henry Nattress, both of Oakland, were sentenced each to two days in the county jail.

A. E. Pelton Jr., son of Mayor Alton Pelton of San Leandro, forfeited bail of \$15. The following also forfeited bail: Theo. Bills, \$10; Joe Vicari, \$10; E. F. Weeks, \$5.

## \$58,560 Total of Building Permits

SAN LEANDRO, May 2.—Twenty building permits were issued during April at a total of \$58,560, according to the report of W. J. Rowles, building inspector of San Leandro, filed last night. Fourteen applications were made, read the report.

Machine was struck by the pilot. He was instantly killed. His father is now in Italy.

## SPEEDER FAILS TO APPEAR; JURY CONVICTS HIM

SAN LEANDRO, May 2.—Donald Moffatt, recently arrested on a speeding charge and who demanded a jury trial, failed to appear at the court of Judge W. J. Gannon yesterday. The trial proceeded in its customary manner, a verdict of guilty being rendered by the jury. Sentence will be passed Wednesday.

## MAY DAY OBSERVED.

SAN LEANDRO, May 2.—Thrasher park playground was filled to capacity yesterday when all the pupils of the San Leandro grammar schools celebrated May day in appropriate manner. Every sort of competitive game or sport was played in the morning, following which basket lunches were served.

## BRUNER FUNERAL HELD.

SAN LEANDRO, May 2.—San Leandro business men and residents attended the funeral services yesterday held for H. E. Bruner of Hayward. Bruner was well known in this city, his business and civic activities bringing him into contact with a large number of San Leandrians.

## PLACED UNDER ARREST.

BOISE, Ida., May 2.—Walter F. Rhode, former assistant cashier of the defunct Overland National Bank of Boise, has been placed under arrest by department of justice operatives, charged with embezzlement of \$11,986 of the bank's funds.

## IRISH REBELS ATTACK POLICE, MEET DEFEAT

Detachment of Republicans Ambush Tyrone Force and Are Routed.

LONDON, May 2. (By International News Service).—The United States may be invited to recognize the Irish free state as an independent nation and to become the friendly ally of Ireland, according to a report received here today from a British intelligence officer in Ireland.

BELFAST, May 2. (By International News Service).—A battle in which the republicans were defeated was fought in County Tyrone today. A detachment of republicans attempted to ambush a motor lorry bearing seventeen policemen five miles from the town of Tyrone. Warned in advance, the police left their car and erected a barricade, giving battle to their enemies. When the republicans withdrew they carried their wounded with them, and their casualties are not known.

A tense situation is reported at Cork. Anthony Carroll, one of the most prominent barristers in the city, was kidnapped and held for ransom. After the money had been paid a band of armed men raided Carroll's home, but he escaped and is said to be on his way to London.

## By GEORGE MACDONAGH

United Press Staff Correspondent. DUBLIN, May 2.—Irish Republican army outposts invaded Kilkenny city this afternoon. The rebels seized and occupied strategic positions including Kilkenny Castle, the city hall, the bank of Ireland, the cathedral and the workhouse.

## By DANIEL O'CONNELL

International News Service Staff Correspondent. DUBLIN, May 2.—Although supporters of the Collins-Griffith faction claim that the Irish free state is gaining in power, there were outbreaks of violence today which seemed to belie this contention. The Irish free state troops regained possession of the Kildare Club, but at the same time mutinous troops led by Roderick O'Connor seized additional buildings in this city. All were fortified.

The rebels are holding the greatest activity south of Dublin. Dublin was nearly cut off today from the southern cities. Mutineers cut the Thurles and Tipperary lines and no trains arrived from Cork. The roads in Kilkenny and Waterford were blocked. Skirmishing was reported in some districts. Commandant Carey of the free state troops was wounded in one skirmish.

## FIGURES ON KILLINGS.

BELFAST, May 2.—(By Associated Press).—According to Belfast police returns, made public today, 148 Protestants and 181 Catholics were killed in Belfast in the period from July 1, 1920, to April 29, 1922. From January 1 of this year to April 29 the figures

## Speeder Breaks Into Jail After 5 Hours' Work

FRANK GARCIA, 529 Nineteenth street, is mad as a wet hen. For five hours yesterday Frank tried to get himself a berth in the county jail without success. In the end he had to apply to Sheriff Frank Barnett for action.

Garcia was sentenced to two days in the county jail by Judge W. J. Gannon of San Leandro for speeding and for going to jail at once. This was at 4:30. An hour later Garcia applied for admission at the county jail. He was chased away by busy deputies. Undaunted he returned in an hour. Again similar treatment.

At 6:30 he made a third attempt. No luck. Another hour. This time the janitor threatened bodily violence. Then Garcia spent three hours seeking Sheriff Barnett. At 10:30 last night he was admitted to the jail by the sheriff and shown to his room. Garcia will have a worse job trying to get out than he had to get in, contends the sheriff.

show 11 Protestants and 69 Catholics killed.

A postman was killed and his son wounded when they were ambushed last evening while delivering letters in the Keady district of Armagh.

## WOULD UNITE FACTIONS.

DUBLIN, May 2.—(By The Associated Press).—Southern Ireland today awaited the first results of the definite move to unite the contending military factions, taken at an unheralded conference here yesterday.

Ten army officers, five of them members of the dissenting section of the Irish republican army, signed a statement agreeing to "unite" on the basis of holding elections "with a view to forming a government which will have the confidence of the whole country," and recognition of "the fact admitted on all sides that a majority of the people of Ireland are willing to accept the peace treaty."

## Those signing for the regular

army include Michael Collins, head of the provisional free state government, and Richard Mulcahy, minister of defense in the Dail cabinet. All five dissenters have signed against the treaty, it was stated.

## AMBASSADOR TO VISIT.

SANTA ROSA, May 2.—Victor Roland Ricci, Italian ambassador to the United States, will visit Santa Rosa on May 10. It was learned here today. He will be accompanied by the Italian consul general at San Francisco, and visit other cities of Sonoma county before leaving. An elaborate reception and banquet is being planned in his honor.

## MACHADO BRIDGE OPEN.

MACHADO CORNERS, May 2.—The final work was done last week on the Machado Corners bridge over the Newark road, and the bridge was opened to traffic today. The structure, of steel reinforced concrete, is one of the best in Washington township. It replaces an old wooden bridge washed away by the high water last winter.

## LAKESIDE TO GET PRACTICE GREEN

In response to pleas from enthusiastic golfers the board of park directors yesterday decided to install a putting green in Lakeside park. The green will be just west of the tool house.

Friends of the late E. Harrison Clay announced that they intend to collect \$1500 for a memorial to be erected in his honor in Lakeside park. The form of the memorial to be decided later. The park board will accept it.

The board held its meeting one day earlier than usual because members could not be present today, the usual meeting time.

## FERRY BUMPS PIER.

MARTINEZ, May 2.—The Martinez Benicia Ferry Company's pier was temporarily put out of commission Sunday afternoon when a portion of the wharf was damaged when the steamer City of Martinez was docking from a Benicia trip. Because of the damage the company discontinued service, but it was announced today that boats would be running again either Tuesday night or Wednesday morning. Despite damage to the wharf machines on the boat were safely landed. The company will institute 20-minute service this week with its two boats.

## Many Hurt in Leipzig During May Day Riot

BERLIN, May 2.—(By International News Service).—Several persons were severely wounded in May Day fighting at Leipzig between Socialists and non-Socialists, according to advices from that city today. The Socialists were making a demonstration before the Leipzig university when they were attacked by a band of students. The students tore down the republican flag and hoisted the university flag. Workmen tore down the university flag and threw it into the street where it was trampled by the crowd.

Firing broke out while the police were trying to arrest the ring-leaders in the rioting.

Paris' population has grown only 25,000 in the last ten years.

## U. S. ASKS FRENCH GOVERNMENT FOR PLANS ON DEBTS

America Wants Announcement on Repayment of Loans During War.

PARIS, May 2.—(By the Associated Press).—The American debt commission has informed the French government it will be glad to receive the government's observations on what it has to offer concerning the payment of the interest on the French debt to the United States and the amortization of the principal.

The matter will be referred to the minister of finance, who is expected to prepare a reply to submit to the cabinet for its approval.

BRITAIN IS READY. WASHINGTON, May 2.—(By the Associated Press).—Notice was sent recently through the State Department to all of the allied nations to which the United States made war loans that the American debt commission was prepared to enter into negotiations looking toward conversion of the debts into long-term securities.

Formal replies to the notice have been received, so far as could be learned today, from none of the nations, but Great Britain has indicated informally a willingness to proceed at an early date and it is considered probable that preliminary negotiations with that nation will be entered into within a fortnight.

DOGS BEND MASTER. MADRID.—Two mastiffs who had been cruelly treated by their master, Senor Cavallo, turned on him suddenly and literally tore him to pieces.

## Fort Bragg Bank Cashier Short \$170,000 in Funds

UKIAH, Calif., May 2.—The First Bank of Savings and the First National Bank of Fort Bragg, allied institutions at Fort Bragg, Mendocino county, were closed today, while J. E. Weller, cashier of the First Bank of Savings, was held in the county jail here. No formal charge has yet been placed against Weller, but a statement issued by bank officials said he had admitted misappropriation of \$170,000 of the bank's funds.

The two banks were closed upon orders of Thomas Williams, Federal bank examiner. It was declared by the bank officials that the closing would be temporary.

Weller is alleged to have admitted he took the money to use in investments which turned out disastrously.

L. Barnard, president of the First National Bank of Savings at Fort Bragg, said today that the shortage amounted to \$170,000 and involved both the First Bank of Savings and the First National of Fort Bragg. They occupy the same building and have interlocking directorates.

INSPECTOR BEGINS PROBE. According to Barnard, a thorough investigation was started today by National Bank Inspector Thomas Williams, who arrived here from San Francisco late yesterday.

Sheriff Ralph Dyer of Mendocino county and directors of the bank are aiding in the investigation. Barnard said today that a warrant charging Weller with embezzlement would probably be sworn out before night, although he was not sure.

Steps are to be taken immediately to assess the stockholders and make up the shortage to protect the depositors, it was stated. "No formal charge has as yet been placed against Weller," the district attorney said here today.

"But we expect to file the formal complaint today."

"A bank examiner is now working on the books of the banks, checking up alleged shortages, and he will give us his report this afternoon."

"In the meantime, we have not asked Weller for any comment or statement, but our information is that he has made practically an admission of misappropriation of the bank's funds to officers of the bank."

"Thus far, however, we have not secured any information which would indicate definitely where the money went. We understand Weller to have said the money was put into business projects which ended disastrously, but we have not found out what these projects were."

Weller, who is about 50 years old, refused to discuss the case. Bank officials expressed the belief that the closing of the banks would be only temporary.

BUILDING BOOMS. RICHMOND, May 2.—The building boom at Redwood continues unabated. The two new homes put up by the Redwood Land and Improvement Company were snapped up by H. Isaacs of Crockett and D. Kerr of Oleum before completion. The company has started two more homes similar to these.

Other homes under construction include the Anderson home on Third street, now nearing completion and the Martin McGrath home on Garretson avenue, the latest to be projected.

WAR OVER PRINCESS. SINGAPORE.—Traders returning from the Malay Archipelago report that three tribes there have gone to war over a princess. She was betrothed to two chieftains and married a third.

If you see it in The TRIBUNE tell them so.

## COMPILATION OF SCHOOLS BUDGET TOTALS DELAYED

Board to Await the Return of Mrs. Ormsby; Three New Holidays Set.

With preliminaries all ready for the compilation of the annual budget, the board of education last night deferred action until Mrs. Ormsby, now ill, can be present.

Superintendent of Schools Fred M. Hunter has presented these suggestions—one that the present schedule of teachers' pay be re-adopted, another that every economy be practiced and a third that "only such increases for maintenance and operation as are necessary to prevent deterioration of the physical plant be provided."

The board voted to close the schools hereafter on Washington's Birthday, Lincoln's Birthday and Labor Day.

Bids for supplies for the coming year were received. This includes all sorts of school materials. The bids filled a large basket.

Wilbur Walker and other representatives of the Merchants' Exchange were present to plead that Oakland materials and factory products be used in all part of the school department wherever feasible. This was promised.

"WILLIAM TELL" SLAYER. ZURICH.—Esaying to play the part of William Tell with his 14-year-old son and a revolver, Erich Toichen shot and killed the boy.

SAN LEANDRO branch of The TRIBUNE now located at Mahoney's News-stand, East 14th and Callen avenues. Phone San Leandro 120.

## WOMAN, BORN IN NELSON'S SHIP, IS DEAD IN ENGLAND

PORTSMOUTH, Eng., May 2.—Mary Ann Carr, who was born in the cockpit of Nelson's ship "Victory" near the spot where the famous admiral fell, has just died here at the age of 85.

Her memory of the early days aboard the ship was fresh up to within a few days of her death. She once was a sailor dogged. The picture of the man suffering remained vivid in her mind through her long life. Only once did she see such a sight for on other previous she was sent ashore to be spared the spectacle.

## ANNUAL DINNER OF CLUB ON MONDAY

The annual president's dinner of the Alameda County Club will be held at the club Monday. The affair will be in honor of J. R. Miller, newly elected president of the organization.

The evening's program will include a musical and a play. The program will be given by the club members and their guests.

## ALAMEDA COUNTY CALLS FOR MANY SKILLED BUILDERS

Mechanics Placed by the Exchange Bureau During April Number 646.

Requests filed with the Alameda County Builders' Exchange, Employment Bureau, indicate a growing demand for skilled craftsmen in the building trades in the East Bay cities. It was announced today by the bureau.

The May first report of J. E. Schilling, in charge of the office, shows that during April, 646 men were placed, 120 more than the month of March.

The demand has been growing throughout the year. In January 288 men were placed; February 413 and in March 526. Indications are that May will exceed the April figure.

As in the previous months the demand for carpenters exceeded all other demands; 134 of these skilled mechanics were placed in April against 178 in March.

The report shows that there is still a shortage of skilled plasterers, brick layers, plumbers, roofers and electricians.

Club Will Hear Address on Chile

Mining lands of northern Chile and the agricultural territory to the south will be the subject of an illustrated lecture in Spanish this evening by Marcos Garcia, Huidobro consul of Chile, to the members of the Oakland Spanish Center.

The meetings of the club are held every Tuesday evening at 7:30 o'clock at the Alden library, Oakland. A general invitation is extended to the public.

Progressive Club To Hold Meeting

The Dimond Progressive Club will hold a special meeting at Fruitvale school, Boston avenue and School street, tonight, J. H. MacLafferty will speak on community spirit. Residents of the district are invited.

The club is planning to build a new hall at Dimond avenue and Hopkins street in the near future.

## Rotary Flag to Be Given to Orphanage

The Oakland Rotary club will present a flag to the Fred Finch orphanage, 3670 Peralta avenue, at dedication exercises which will be conducted tomorrow at 2 p. m. The presentation will be made by Clarence J. Schmidt, president of the club. A patriotic program of recitations and musical numbers has been arranged. Following the exercises there will be an inspection of the home.

Interment, St. Mary's cemetery.

ELIZABETH.—In Oakland, May 1, 1922. Elizabeth, beloved daughter of the late Patrick D. and Mary Garvey, sister of the late John Henry and Thomas Garvey, a native of Massachusetts, aged 60 years; a charter member of the Catholic Ladies Aid Society, No. 1.

Friends and acquaintances are respectfully invited to attend the funeral Wednesday, May 3d, at 8:30 a. m., from the home of P. N. Hanrahan Co., 510 E. 14th st., at Fifth ave., thence to St. Mary's church, where a requiem mass will be celebrated for the repose of her soul, commencing at 9 o'clock.

Interment, Holy Cross cemetery.

LINDENBAUM.—In this city, May 1, 1922. Isaac Lindenbaum, dearly beloved husband of Sadie Lindenbaum, loving father of Lillie Lindenbaum, dearly beloved son of Fannie and the late Mayer Lin-

## Pioneer Temperance Worker Passes On

Mrs. Hattie E. McMath, a pioneer temperance leader in the East Bay cities and a past president of the Alameda County Woman's Christian Temperance Union, died last night following an illness of several months. The funeral will be held tomorrow at 2:30 p. m. from a private chapel, 2550 Telegraph avenue. Mrs. McMath was a member of the local temperance organizations, in all of which she has served as officer, of the John D. Weyman Circle, Grand Army of the Republic and of the Women and Girls of '61-'65. She was affiliated also with Oak Leaf Chapter, Eastern Star.

Mrs. McMath sustained a broken hip when attending the national convention of the Woman's Christian Temperance Union in San Francisco last year. She was a delegate to the annual convention of California Federation of Women's Clubs in Yosemite last summer.

HOW TO PICK BEST WIFE. R. O. M. E.—An Italian scientist classifies women who make the best wives as follows: 1—The home girl; 2—the nurse; 3—the business girl; 4—the teacher; 5—the actress.

## Brunswick Style 210 --- \$150 --- A Delightful Phonograph

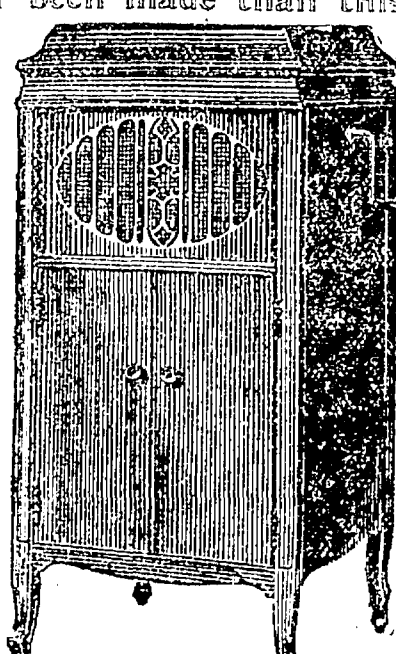

No more beautiful Phonograph, at or near its price, has ever been made than this Brunswick. It sells at \$150, and it makes of every purchaser an enthusiastic friend.

Aside from its beauty of design and finish, it is especially delightful in the splendid quality, volume and purity of its tone.

It has also those special features—the Ultona, which plays all records, and the molded wood tone amplifier, which have done so much to add to Brunswick fame. We will send one to you on this plan:

## Four Out of Five Wait Too Long--

Are your gums tender—do they ever bleed when you brush your teeth?

If so—see your dentist at once and start using Forhan's For the Gums. You have the first symptoms of Pyorrhea.

Incredible as it seems, four people out of every five past the age of forty, and thousands younger, have Pyorrhea.

If neglected Pyorrhea soon runs its deadly course. It loosens teeth until they drop out or must be pulled, and it causes those deadly pus pockets to which scientists now attribute so much serious illness.

If you use Forhan's For the Gums consistently, and use it in time, you can prevent Pyorrhea or arrest its course.

Brush your teeth with Forhan's twice each day. It will keep your teeth and gums in a clean healthy condition.

Don't delay longer. Four out of five fall victims to Pyorrhea because they waited too long. 35c and 60c tubes, at your druggist's.

Formula of R. J. Forhan, D. D. S.

### Opium Bait for Fish in Tigris River

LONDON, May 2.—The opium habit takes a heavy toll from fishes of the Tigris river, Lieutenant-Commander Ewell-Sutton, R. N., stated to the National Geographic Society.

"Natives on the Tigris," he said, "fish with opium pellets, concealed in dough. The fish, swallowing the bait, become stupefied and float to the surface. Arabs paddle out and get them."

### London Blazes Brightly, "Just Like New York"

BY ASSOCIATED PRESS

LEASD WIRE TO TRIBUNE.

LONDON, May 2.—London's West End theater section has begun to take on some of the aspect of New York's "Great White Way." Two years ago there were less than a half-dozen display electric signs visible from Piccadilly Circus. Today they are myriad—many of them reminiscent to American visitors, for they proclaim the excellence of so-and-so's whisky or depict the foaming delights of some one else's beer.

Americans being piloted about London by native friends usually have their attention directed to these signs as evidence of the old country's enterprising spirit. "Just like New York," the Londoner remarks as he proudly indicates the tier upon tier of advertising brilliance.

"Just like New York used to be," is the American retort.

### MAN JAILED FOR DEBT 'INCURRED BY FRAUD' IN L. A.

LOS ANGELES, May 2.—Jailed for debt in one of the few cases of the kind in the history of California is the late of George C. Courtmarsh, against whom a judgment was obtained for \$4955, which the court ruled had been fraudulently incurred. Under the law the defendant in such a case is arrested and no bonds may be given for his release. However, every ten days he may apply for release. At each application he must take oath that "he is not worth more than \$50."

The court may order him held in jail until it sees fit to release him.

### BRITISH MOVIE INDUSTRY SHOWS IMPROVEMENT

Greatest Obstacle to Picture Work Is Climate in Winter Months.

LONDON, May 2.—General improvement in Great Britain's film industry is claimed by moving picture makers, referred to in England as cinema producers.

Four years ago 95 per cent of the films shown in the United Kingdom were of American manufacture. The figure now has dropped to approximately 75 per cent and British producers are confident home made films will come into their own with the general revival of British industries.

While film making in England still is in its infantile infancy, compared to America's great moving picture industry, investments in the work are increasing. It is estimated that 5,000,000 pounds is invested in the cinema industry, with between 2,000,000 pounds and 3,000,000 pounds in production.

PROGRESS SLOW BUT SURE.

Progress has been slow but sure in British scenario writing, according to the head of one English producing firm and good British films now attract as large audiences as do good American films. The happiest sign that the British producer notes is that where the merits of American and British films are equal the British public prefers British films.

British films are making slow, but steady progress in British dominions and colonies but producers here believe there is a well organized boycott of British films in the United States. Films which British producers consider to be of out-

standing merit have repeatedly failed to impress American buyers. British educational authorities generally stand aloof from the movie film. Zealous advocates of the film as an educational medium find it extremely difficult to obtain necessary financial support.

England's climate from November to February, however, remains the greatest obstacle to exterior picture work. Studio work often is affected by fog.

### Cunning Little Nighties to Be Worn by Papa

CHICAGO, May 2.—Grand dad, by refusing to discard his suspenders years ago, will be right in his year, according to the United National Cl.thers, now holding the sixteenth semi-annual convention here. Yes, and his night shirts, and, in wet

weather, rubbers, will be quite the thing. But these are not all the clothiers have on display. The suspenders, finished in silver buckles and twisted strands of colored silk, are displayed in fancy boxes. The arrival of the suspender is closely associated with the departure of cuff-trowsers, according to exhibitors. The old-fashioned night shirts, brought up-to-date by the addition of a splash of red at the throat, are displayed more conspicuously than palamas, reversing the recent order. Blue and pink are the predom-

inating colors in the sleeve supporters being shown and talked about. Silk is the most popular fabric for the scarf, the exhibitors declare, stripes taking precedence over flannels. All colors, they say, are good at present.

### Aged Philadelphia Hall Rededicated

PHILADELPHIA, Pa., May 2.—The old city hall, one of the Independence Square group of buildings was rededicated today as a prelude to a series of historical celebra-

tations which will culminate in the Sesqui-Centennial exposition in 1926 commemorating the 150th anniversary of the signing of the Declaration of Independence. The building was erected from the proceeds of a lottery instituted in 1789 ordered by the mayor. Twelve thousand five hundred tickets were issued, 357 of them drawing prizes amounting to \$50,000. Mayor J. Hampton Moore, under whose administration the building was re-dedicated today, covered the old city hall when he was a young reporter for news from the offices occupied by the mayor of that day and by some of his staff.

Home-sewing week now in full swing

All this week, everything for the home dressmaker is exploited. ## LIFE ASSURANCE AGENTS CONVEENE

About 100 agents of the Oakland office are in attendance at the first educational conference for 1922 of the Oakland agency of the Equitable Life Assurance Society of the United States, now in session at the Hotel Oakland.

Among the visitors at the gathering are Horace C. Donnell, resident supervisor of Northern California; M. Harold Casey, agency manager of the company in San Francisco, and P. E. Post, agency manager of the Seattle office.

B. F. Shapiro, agency manager of the Oakland territory, is presiding at the conference. Shapiro came to this city ten years ago. At that time he was the only representative of the company here. He now has more than 100 agents under him.

The conference will end this evening with a dinner dance and social program. Among the subjects discussed at the conference are "Fundamental Human Needs Served by Life Insurance," "New Needs for Life Insurance," and "Prospecting and Systemized Soliciting."

## Nationwide Survey Shows Business Growing Better

CHICAGO, May 2. (By the Associated Press.)—General improvement in the industrial situation, described in several instances as slow but steady, particularly over conditions as they existed in the winter months, was indicated in reports gathered by The Associated Press from federal, state, labor and industrial leaders in many states of the union.

Labor commissioners and other officials in virtually every state from which reports were received, not only declared that unemployment had materially been lessened in the last few months, but nearly all were optimistic concerning the future, holding that the opening of seasonal lines of work, such as agriculture and road and building construction would help greatly in absorbing the surplus of workers.

While no definite figure on the present number of unemployed was available, approximately 1,350,000 persons were reported idle in 16 states from which estimates were received. Large industrial states, such as New York, Pennsylvania and Massachusetts, contributed more than 1,000,000 to this total. New York leading with an estimated 600,000 out of work. The total population of the 16 states was in excess of 43,000,000.

Samuel Gompers, president of the American Federation of Labor, estimated the unemployed at 5,000,000. Miners and other workers on strike were not included in the state estimates. The miners' strike, which union officials estimated involving nearly 700,000 men, was the largest industrial

controversy in progress as May day approached, with a considerable number of workers affected by textile and stone cutting strikes in shutdowns in New England and in minor walkouts in other parts of the country.

In some cities there was declared to be a demand for skilled workers, although the supply of common labor generally was declared to be larger than the demand.

**BUILDING ACTIVE.** A program of intense building activity and city and state improvement work was outlined in reports from virtually every state, and it was expected that many idle workers would find employment in a gigantic construction boom which was indicated from many sources. Monthly records of building activity kept by the American Contractor since 1914 were broken by the total valuation of building permits at leading cities for March, and the aggregate of \$262,233,254 for 190 cities was believed by that publication to be the largest for all time. The number of permits issued last month in those cities was 62,444.

As compared with March, 1921, when the permits numbered 53,315, the valuation amounted to \$131,065,317, the gain in value was 58 per cent. New York established an unprecedented record of \$104,598,545. Chicago's permits were the largest in nine years, according to the Illinois department of labor, despite the handicap of unsettled labor conditions in some building trades. They amounted to \$19,343,900, an increase of 112-

033,900 over March of last year.

**IN AUTO TRADES.** Statements from some of the large industrial centers were encouraging. Detroit reported that employment in the automobile industry was 70 per cent of normal, while the general percentage of employment was 65 per cent of normal, as compared with 50 per cent a year ago.

**CONDITIONS IN WEST.** Labor conditions in the west are summarized as follows: California.—The total of unemployment in California is probably 7 to 10 per cent less than at this time a year ago, according to federal and state labor department officials. During the winter of 1921-22 there were more unemployed than in the previous winter, but unemployment is reported to be decreasing rapidly. Unemployment persists in shipping circles.

Oregon.—There has been a great increase in building operations. Employment in lumber and agriculture, the basic industries, is close to normal.

Washington.—Unemployment in Washington has dropped from approximately 25,000 men and women out of work December 20, 1921, to less than 12,000 today, including 4000 miners, according to estimates. Within the last two months, according to Mr. Everest, unemployment has decreased 15 per cent. Present conditions point to continued reduction in the number of unemployed.

Nevada.—Work on farms, highways and mines is being resumed and is taking increasing numbers of men daily, according to State Labor Commissioner Ingram. About 1500 railroad workers are idle.

Utah.—The industrial situation is improving rapidly, according to state officials and men connected with various industrial and agricultural enterprises.

Colorado.—Never before has there been so much construction

## MEXICO AGREES TO DEVELOP OIL

MEXICO CITY, May 2. (By International News Service.)—An agreement has been reached between the "big five" foreign oil companies and the Mexican government for the exploration and exploitation of new oil fields in Mexico to supply petroleum when the wells in the Tampico fields are exhausted. It was learned this afternoon from an authoritative source, Edward Doheny, head of the Mexican Petroleum Company, and two other representatives of American oil concerns in Mexico, were in conference with Mexican officials again today.

work in Colorado, both of highways and building, as is contemplated here in the near future, said Deputy Labor Commissioner Carl de Loche. He added, however, that the state would be able to furnish all the labor necessary without importing men.

Idaho.—The departure from the cities of seasonal workers and the release of the temporary jobs some of them held was expected to bring the labor market to normal and to end unemployment for most of the Idaho workmen who spent the winter without work.

## Street Trenches Mark Progress, Woe to Autoists

A proud record of city progress and a woeful record of civic damage are being hung up at the same time in Oakland, according to statistics by the superintendent of streets, who cites that on Saturday 97 cuts were made into Oakland's pavements to furnish water to new buildings, and yesterday 144 cuts were made.

To superintend the repair of the cuts, the city has three small crews of workmen.

Think of it, says Superintendent of Streets W. W. Harmon. "Oakland is growing so fast that 144 cuts are needed in one day to supply water to new buildings. This is an enviable record, a proud record and a record which any city would gladly boast."

"On the other hand, think of 144 cuts across the city's pavements, and some of the pavement brand new. Think of the angry autoists banging into these cuts if they are not properly refilled. Think of the broken axles or broken tempers."

"The water company's business is getting enormous when it comes to laying mains or taps across the street. If the trenches are properly refilled there might be little damage, but as we have only three inspection crews we are not always sure of the refills. We hope and pray that the water company will refill all those trenches properly."

SAN LEANDRO branch of The TRIBUNE now located at Mahoney's News-stand, East 14th and Callen avenues. Phone San Leandro 120.

## Radio Supplies for Radio Fans

MID-6 new three-months subscriptions.

**Important Notice:** The TRIBUNE is co-operating with radio enthusiasts in helping them secure the necessary equipment for radio receiving sets, and if there is any item listed that you desire to secure, please write the Radio Department of The Oakland TRIBUNE, stating your needs, and you will be given full particulars on how to earn the same.

## Labor Authority to Speak at Luncheon

Whiting Williams of Cleveland, international authority on labor problems, will be the chief speaker at the luncheon of the reorganized Manufacturers' Bureau of the Oakland Chamber of Commerce, at the Hotel Oakland tomorrow.

Williams, who is vice-president of the Hydraulic Steel company of Cleveland, O., spent two years as a laborer in the French and German coal mines and steel factories, to gain first-hand information on labor problems of continental Europe.

## Immigration Limit Bill Finally Passed

WASHINGTON, May 2. (Associated Press.)—The House today adopted, 257 to 36, the conference report on the immigration bill extending the 3 per cent immigration limitation to June 30, 1922. The Senate having acted on the report, the bill now goes to the President.

## U. S. Foreign Trade Declines in April

WASHINGTON, May 2.—American exports to Europe fell off by approximately \$20,000,000 during March as compared with the same month a year ago, while imports increased by about \$10,000,000 and both exports to and imports from South America decreased by about \$10,000,000 each, according to foreign trade reports issued today by the commerce department.

During March exports to Europe aggregated \$180,000,000 compared with \$190,000,000 in March a year ago, while imports from Europe aggregated \$90,000,000 against \$77,000,000 in March, 1921.

For the nine months ended with March exports to Europe amounted to \$1,520,000,000 compared with \$2,870,000,000 during the corresponding months of 1921, while imports aggregated \$615,000,000 against \$753,000,000 during the same period a year ago.

Exports to South America for March totaled \$17,000,000 compared with \$20,000,000 in March, 1921, while imports aggregated \$24,000,000 against \$33,000,000 in March, 1921.

During the nine months ended with March exports to South America aggregated \$133,000,000 compared with \$167,000,000 while im-

## Child Dies From Eating Ant Paste

ALAMEDA, May 2. — Paul E. Higgins, 4 years old, died at his home at 3106 Line, in avenue early today from the effects of a quantity of ant paste which he ate yesterday in the belief it was candy.

The lad found a bottle of the mixture in the basement of his home and had eaten more than one-third of the bottle's contents when he was found by his mother. Medical relief was summoned hurriedly but it was of no avail and the small sufferer died shortly after midnight this morning.

## Franklin Theater Has New Manager

Eugene L. Perry, former manager of the T. & D. and the Loew State theater, has been placed in charge of the Franklin theater, replacing Oliver Kehrlein, who will devote his time to "outside affairs" controlled by him and his father, according to the announcement.

ports aggregated \$204,000,000 against \$412,000,000 during the corresponding months of 1921.

Here's good news for admirers of the lovely Sonora cabinet models, for at this price the "La Fayette" is within the reach of every music lover.

Decide today to have in your home not only the ennobling influence of music, but the refining association of this art model.

Breuer's Clay at Fifteenth

## Here's Your Health Breakfast

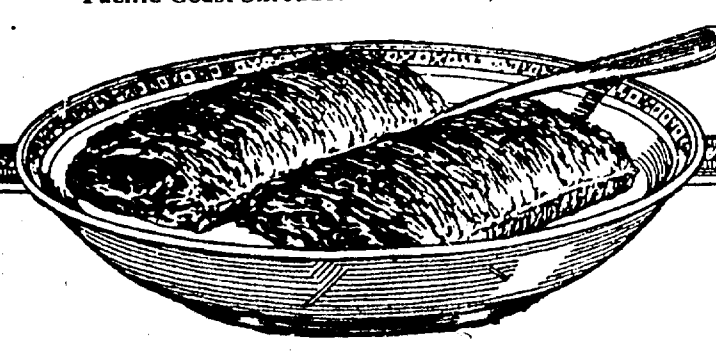

Drink the juice of two oranges—nothing equals orange juice to correct acidity and to prevent biliousness. Heat two Shredded Wheat Biscuits in the oven to restore crispness and eat them with milk or cream.

## Shredded Wheat

is 100 per cent whole wheat made digestible by steam-cooking, shredding and baking. Better than mushy porridges for children because it encourages them to chew, thereby developing sound teeth.

Two Biscuits with milk or cream make a complete, nourishing meal. Delicious with peaches, berries, raisins, prunes, sliced bananas and other fruits. TRISCUIT is the Shredded Wheat cracker—a real whole wheat toast—eaten with butter or soft cheese.

Pacific Coast Shredded Wheat Co., Oakland, Cal.

## ARMY RIFLE TEST TO BE GIVEN GIRL SHARPSHOOTERS

Commander of R. O. T. C. at  
Oakland High Will Direct  
Range Practice.

Plans are being made by Warrant Officer Chester A. Reppman, commander of the R. O. T. C. at the Oakland High school, to take his feminine sharpshooters out on the range next week.

This will mark the initiation of the thirty members of the rifle class for girls to the intricacies of the regular army rifle. Heretofore the girls have been using the small caliber gallery rifle.

For the past month the girls have been practicing under the direction of Reppman and Miss Ruth Wyndbladh of the physical education department in the sub-basement of the Oakland High school.

In that time some have become highly proficient, according to the instructors, and it was only recently that Kathleen Duerr bored a hole in a penny at 50 yards, taking top honors for the day.

"The rifle class was started as an experiment," said Reppman, "but it has proved to be an unqualified success. As a matter of fact, we have been forced to turn applicants away. The girls have taken to the new sport with zest and are making some fine scores."

"The real sharpshooters are going to get a chance to try their hands at the regulation army rifle next week. Of course, the smaller girls, no matter how proficient, will not be allowed to take this advanced course."

"Those girls who have made uniform advancement will be chosen. Among the real sharpshooters now are Miss Wyndbladh, Miss Duerr, Dorice Smith and Mabel Swain. All of the girls practice shooting each afternoon using their rifles, standing, kneeling, sitting and prone."

## Young Dianias of Rifle Range

Upper picture shows group of girls at Oakland high school who are developing into sharpshooters. They are, left to right, standing: BERNICE JAHNIGAN, RUTH KYNOCH, SADIE VOLWICH, MARY CADWELL, DORICE SMITH, MABEL SWAIN, MERCEDES BOHALL, HELENA RAMSEY, BERNICE KELLY, and ERMA FALETTI. Left to right, sitting: FLORENCE STINSON, GLADYS BLAIR, THELMA BROCK, ANNA ZADELOVICH, CAROLINE WYCKOFF, ALEEN SANDUSKY, FLORENCE McCORM, KATHLEEN DUERR, EDITH HUNT and LILLY BALLARD. MISS RUTH WYNDBLADH (with sword), physical educator in charge of the class, and WARRANT OFFICER CHESTER A. REPPMAN, commander of the corps. The girls in the lower picture are, left to right: MABEL SWAIN, DORICE SMITH, KATHLEEN DUERR.

## DUMP GROUND ACQUIRED BY CITY COUNCIL

RICHMOND, May 2.—To provide a city dumping ground the City Council last night voted, 6 to 2, to purchase from W. W. Cottingham six and two-thirds acres on the county highway leading to San Pablo canyon. The Council considered three propositions, the other two being five acres for \$2500, owned by E. E. Grow, near the Cottingham place, and the other five acres of marsh land owned by George Lee and located just north of the city limits.

Two members, Plate and Ogborn, voted for the marsh land as more suitable and less likely to lead the city into difficulties with adjacent land-owners in the future.

## NEW ORDINANCE AFFECTS SOFT DRINK PARLORS

RICHMOND, May 2.—There will be eighty-seven soft drink permits paying a license, according to the terms of the soft drink ordinance adopted by the City Council last night. Grocery stores will have to secure a permit, but there will be no license. This section of the new city law was intended to apply to restaurants. Florence Hudson was granted a permit to sell soft drinks at her grocery store, 215 Tenth street. Captain Ben W. Spehr was granted permission to transfer his soft drink permit from 2244 Grant avenue to 1700 Macdonald avenue.

The permit at 1113 Macdonald avenue was transferred from William Murman to Frank Hammond.

## FINANCIAL AID TO BASEBALL CLUB IN DOUBT

RICHMOND, May 2.—Although the City Council highly favors financial aid for the Richmond ball team, the question of donating \$100 per month from May 1 to October 1 for the team's maintenance was laid over one week at last night's session. City Attorney D. J. Hall advised that there was no charter authorization for such a contingency. At the same time the value of a ball team as publicity agent for a city is recognized by the board and its attorney. It is hoped that some way around the difficulty may be worked out during the week.

## Bids to Be Opened For Junior High

RICHMOND, May 2.—Bids will be opened for the new Roosevelt Junior High school building at tonight's meeting of the board. The structure will cost \$200,000, and it is understood that several Oakland and San Francisco builders have been attracted by the size of the undertaking. At the same time bids on the addition to the Nystrom school, calling for \$20,000 expenditure, will be received. Architect James T. Nabbett made the plans for both structures.

## Cadets Return From Four Days' Outing

RICHMOND, May 2.—Four companies of Richmond High school cadets, 227 strong, returned yesterday from Lyons Heights, where they enjoyed a four-day encampment. The boys had rifle practice and put on a sham battle during the visit of Richmond relatives and friends. Superintendent of Schools W. T. Helms was enthusiastic over the results of the third annual encampment, declaring it to be the most successful in the history of the organization.

## Civic Bodies in Drive For Salvation Army

RICHMOND, May 2.—The American Legion, Elks, Rotary, Lions and other civic organizations were

represented last night at Martin's Grill on the occasion of organization of a committee here for the purpose of carrying out a drive for the Salvation Army in the near future.

The various civic organizations appointed a committee to have charge of the coming drive. Charles P. Donnelly was named chairman, assisted by T. H. Delap, T. N. Calfee and Larkin J. Young.

If you see it in The TRIBUNE tell them so.

## COUNCIL ORDERS STREET REPAIRS

RICHMOND, May 2.—A number of street improvements were ordered by the City Council at last night's session.

Contracts were awarded for the improvement of Twenty-ninth street and the streets in the San Pablo Villa tract to L. L. Page, who was low bidder. Page's bid for the Twenty-ninth street work was \$11,716.77 and for the San Pablo Villa tract \$48,842.65.

The Council referred to the City Planning Commission the petition of the Richmond school trustees to have portions of Third, Fourth, Seventh, Ninth, Tenth and Eleventh streets closed in the vicinity of the Forest school and where playgrounds are to be prepared in the near future. The land surrounding the streets sought to be closed is owned by the school district. Protest against improvement of

Forty-seventh street was filed by Burg Bros. The Council took no action on the protest, as contract for the work had already been awarded.

The Council laid over for two weeks a proposition to improve Sledge avenue, Thirty-fourth, Thirty-fifth and Thirty-sixth streets, between South and Wall avenues and Cutting Boulevard. The city manager, street committee and city engineer were ordered to investigate.

C. A. Odell, J. O. Ford and Lambert Wierda were appointed as commissioners to assess the benefits and damages accruing as the result of widening of Tenth street and a portion of Lucas avenue.

## High School Board President Elected

RICHMOND, May 2.—W. D. Mason was elected president of the Richmond Union High school board at its reorganization meeting last night. S. B. Kurtz, newly elected member, was sworn in and made clerk of the board.

Routine business occupied the first meeting of the new board. Those present were W. D. Mason, S. B. Kurtz, H. W. Mergenthaler and Edward Hoffman.

## TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Vandy's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Vandy's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Advertisement.

## For Thin Waists and Sleeveless Gowns

(Toilet Tips)  
A safe, certain method for plumping the skin of the face and neck is as follows: Mix a paste with some powdered talc and water, apply to hairy surface about 2 minutes, then rub off, wash the skin and the hairs are gone. This is entirely harmless and seldom requires repeating, but to avoid disappointment it is advisable to see that you get genuine talc. Mix fresh as wanted.—Advertisement.

## A Perfect Picture

Which needs no retouching. There are no wrinkles to be erased, no skin blemishes to be hidden. The complexion clear, soft and smooth adds charm to the face and the picture instead of flattering brings out the individual beauty.

Beauty Bleach, a harmless cold cream skin beautifier when applied just before retiring each night will remove discolorations such as tan, freckles or brown blotches without harm to the skin. Beauty Bleach is for sale at your druggist 50c the jar.

Clip and mail this to Plough, Memphis, Tenn., for free copy of the Black and White Birthday and Dream Book.

## MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush Kidneys if Back Hurts or Bladder bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forces uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or head, headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacist, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys; also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advertisement.

## PANAMA OFFICIAL HURT IN ALAMEDA MOTOR ACCIDENT

Dr. Coffee's Mother Hit by S. F. Auto, Dies; Two in Stockton Killed.

Jose O. de Yeasa, vice-consul of Panama, and two other persons, one an Oakland woman, were painfully injured in an auto accident which occurred on Webster street, north of Lincoln avenue, in Alameda, last night.

JOSE O. DE YEASA, severely cut over left eye; face bruised. JUANITA DE ROMO, 4020 Grove street, Oakland, severely cut on head. ROSAS, 1254 Stockton street, San Francisco; bruised and battered.

The vice-consul and his friends were driving toward Oakland on Webster street.

The driver of the vice-consul's car, swerving to avoid a collision with an approaching auto, struck an electric trolley. The occupants were thrown out and the machine wrecked. The injured were taken to the emergency hospital by John Fillipelli, who was passing in another machine. The injured were later removed to their homes.

DR. COFFEE'S MOTHER DIES. Mrs. Rosa Coffee, mother of Dr. Rudolph I. Coffee of Temple Sinai, died today in a San Francisco hospital following an auto accident that city yesterday. Mrs. Coffee was struck by a grocery truck at Divisadero and Sacramento streets. She was knocked unconscious and died without regaining consciousness.

Dr. Coffee was notified immediately and spent the remaining hours of his mother's life at her bedside.

Mrs. Coffee was one of Oakland's pioneer women. For twenty years she was president of the Daughters of Israel Relief Society. Her husband, now dead, was one of Oakland's pioneer merchants. She is survived by two married daughters, living in San Francisco, and by three sons—Harry Coffee of Bakersfield, Jesse Coffee of Stockton and Dr. Rudolph I. Coffee of Oakland.

Funeral arrangements will be announced later.

STOCKTON COUPLE KILLED. STOCKTON, May 2.—Instantly killed last night when their machine was crushed by a freight train, the bodies of Mr. and Mrs. Henry Pink, 1023 East Lindsay street, prominent residents of this city, are lying at the morgue. They were crossing the Western Pacific tracks, when a switching train struck their car. Pink was decapitated, and it was necessary to call the fire department to "jack up the front end of a box car in order to recover Mrs. Pink's body. The Pinks are pioneers of Stockton. Pink at one time being a leading rancher in San Joaquin county, retiring a few years ago. He was reputed to be very wealthy. He was 70 years of age and his wife about 60. Both were married before. Pink leaves the following children: Fred H. Pink, Martin L. Pink and Henry Krohn of Bethany, Mrs. Leland Rabb of Stockton, Mrs. Emily Vander of Newman, and Harry C. Pink of Santa. He also leaves a sister, Mrs. Anna Von Sostein of Bethany.

Pink was postmaster and charter member of the Odd Fellows, Odd Fellows, of Tracy. He was also a member of the Knights of Pythias. According to the flagman at the crossing, Pink drove up to the station and received signals to stop, as a freight train was switching in the yards, and a few moments later was given a signal to go ahead, as the crossings were clear. Pink started slowly across the yards, the train backed up again, and Pink either became confused, or did not see the train bearing down upon him.

## Mill Pond Won't Do For Next Naval Scrap

WASHINGTON, May 2.—The world's next great naval battle, if there is to be one, will not be waged in a mill pond, so to speak.

Figures presented to Congress by Secretary of the Navy Denby show that the future naval battles of "civilization" will be gargantuan in proportions. The opposing fleets, to an observer high in the air, will resemble two monsters, their bodies hundreds of miles long, lasting at each other and whirling about in the sea.

The modern fleet, in battle formation, extends for about 300 miles over the sea and is about eighty miles broad. Obviously an engagement between two such columns, turning and whirling around each other over the ocean, will require a considerable fairway, with lots of room for the bystander to run for cover.

## Boys Win Prizes For Humane Posters

Two prizes in the poster contest held by the San Francisco Society for the Prevention of Cruelty to Animals have been awarded to students of Fremont High school. Charles Van Ness won a prize of \$15 with a drawing of a tiger. It bore the caption "Camera or Gun, Which?" A prize of \$10 was awarded to Ralph Kerr Jr. His poster portrayed an oriole killed by a hunter. It was entitled "Is This Humane?" Both boys are pupils of R. S. Rice, head of the art department.

## Murphy's Body to Be Buried in Gridley

RICHMOND, May 2.—The remains of Louis Delbert Murphy, who disappeared two weeks ago from the Santa Fe yards at Chiles, near San Francisco, and who was recovered from the bay Sunday, were shipped from Richmond to Gridley last night. Burial will be in the family plot at Gridley cemetery. Murphy was a native of Gridley and 40 years old. He was employed as a trainman for the Santa Fe, and had lived for the past two years at Point Richmond. He leaves a widow, Carrie L. Murphy.

SAN LEANDRO branch of the TRIBUNE is located at Mahoney's Newsstand, East 14th and Calien avenues, Phone San Leandro 120.

## Girls Aid 'Mop Up' Committee in Final Drive to Obtain Athens Club Members

HAZEL DONOHUE, MARGARET McPHERSON and FLORENCE GUTHRIE, enthusiastic workers for the "Mop-up" committee of the Athens Athletic Club.

## Two Thousand Names Now On List; Report to Be Made Tonight

The "Mop Up" committee of the Athens Athletic club will make its first report at a meeting to be held this (Tuesday) evening at Hotel Oakland at 8 o'clock. The meeting has been called by L. Cameron Fraser, chairman of the committee, and he explains that the members of the committee have been doing exceptionally good work.

"We have on the 'Mop Up' committee 130 members," explained Fraser yesterday. "These members have taken it upon themselves to give their time and energy to put the Athens club 'over the top' from the standpoint of membership and finances. On May 11th the Athens' charter closes. By that time we want 3000 signed up members. At present we have over 2000 members, more than 1200 of whom have paid their dues either in full or in part. All of the hard pioneering work has been done."

"We are now offering the public the opportunity to join the club. It is an assured fact, not a possibility, immediately after May 11th the matter of selecting a site will be taken up and the actual work of providing the club with headquarters."

The following young women have volunteered their services and are assisting the "Mop Up" committee in securing membership: Miss Hazel Donohue, Miss Margaret McPherson and Miss Florence Guthrie.

LANDRU'S "VICTIM" ALIVE. PARIS.—French detectives are investigating the story of a woman who reported to the Algiers police that she was one of the supposed victims of "Bluebeard" Landru.

Many insect-eating birds have been around their mouth.

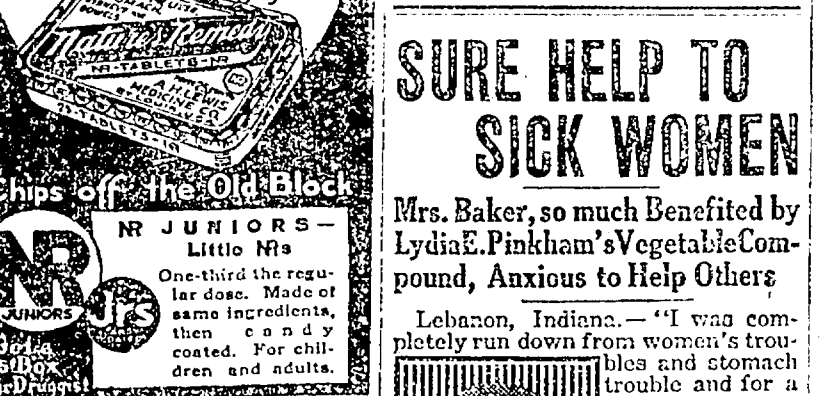

## Quinn Honored at Legion Luncheon

John R. Quinn, state commander, was the guest of honor at the regular weekly luncheon of Oakland Post, No. 5, American Legion, held at the Peerless Cafe yesterday.

Oakland Post is the only post in the State of California which holds these luncheons, according to Quinn. He gave a short talk on the progress of soldier legislation in California and in the United States, stating that the educational features of the recent legislation concerning education of veterans by the state will be argued before the Supreme Court on Wednesday.

Frank Corbridge, vice-commander of Oakland Post, will have charge of next Monday's luncheon program, which will consist of "Home Talent" made up from the members of the local post.

DEADLY OKOLEHA. HONOLULU.—Sicilians state that a number of mysterious deaths recently reported were caused by drinking okolehao, the native drink which has been adulterated since prohibition.

## SURE HELP TO SICK WOMEN

Mrs. Baker, so much Benefited by Lydia E. Pinkham's Vegetable Compound, Anxious to Help Others

Lebanon, Indiana.—"I was completely run down from women's troubles and stomach trouble and for a long time was hardly able to do my work. I had some friends who had taken Lydia E. Pinkham's Vegetable Compound, and they told me about it. I know what it has done for me and I recommend it to others, as I am sure it will be a great help to all sick women. It is a wonderful medicine, and I give you permission to use my testimonial and my photograph."—Mrs. E. M. A. BAKER, 310 S. East St., Lebanon, Indiana.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Baker calls it "a wonderful medicine." If you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you.

There is a way to prettier teeth, and millions of people have found it. It consists in removing the dingy film. You see the results everywhere—on teeth you envy, maybe. And those glistening teeth are often one's premier attraction.

This offers you a ten-day test, to show how whiter, cleaner, safer teeth may also come to you and yours.

Film clouds the teeth

Your teeth are coated with a viscous film. You can feel it with your tongue. It clings to teeth, enters crevices and stays. It forms the basis of dingy coats. The tooth brush used in old ways does not end it, so nearly everyone has suffered from that film.

It is the film-coats that discolor, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film.

Now you may combat it

Dental science has long been seeking a daily film combatant. Now two effective methods have been found. Able authorities have proved them by many careful tests. Leading dentists, nearly all the world over, now advise their daily use.

A new-day tooth paste has been perfected, to comply with five modern requirements. These two film-combating methods are embodied in it. This is the

## LAKEVIEW SCHOOL ROW UP AGAIN

The records of the Board of Education will be dragged out tonight in an endeavor to find just what promises were made to the Lakeview or McChesney districts, and who made the promises, and why, and when.

Lakeview and McChesney tangle will come up again tonight at a special meeting of the Board of Education, staging the nineteenth round of a battle which has raged since the school building program began.

Lakeview is at the foot of Excelsior avenue's hill and includes the Grand avenue district. McChesney is at the top of the hill and includes the Park boulevard district. When the school building program was planned the educators outlined a proposed "Lakeview-McChesney Junior High school," presumably in Trestle Glen or thereabouts. But it couldn't be done.

McChesney refused to allow its children to walk down the long Excelsior hills to go to school. Lakeview refused to walk them up the Excelsior avenue hill. Both sides stood pat.

The site for the school was finally picked at the top of the hill, on the Mary Smith property. This was bought. McChesney won the school.

In order to do this, however, the Board of Education was compelled to promise several improvements for the Lakeview district, to compensate for its act. Lakeview now wants action.

McChesney, on the other hand, demands that Lakeview shall not get any of the improvements intended for the fine McChesney school. McChesney stands pat. So does Lakeview. Lakeview says it was promised many things. Lakeview demands action.

The Board of Education will have the pleasure of propitiating both sides.

## AMERICAN TARS ARE UNDERPAID, SAYS FURSETH

Recent Reductions in Size and Wages of Crews Compared to Other Nations.

WASHINGTON, May 2.—(By the Associated Press)—Recent reductions in the size and wages of crews on American vessels engaged in foreign trade have increased an argument for a subsidy to owners based on the difference in the labor costs of operating American and foreign ships. Andrew Furseth, president of the International Seamen's Union, declared today during testimony before the Senate and House committees considering the administration merchant marine bill.

American ships today carry the smallest crews of any vessels in the world and so far as labor is concerned American boats are now the cheapest to operate, the seamen's leader declared.

**WAGE COMPARISONS.** Furseth said that the average wage of American crews had been reduced 27 to 33 per cent, the wages of British crews had increased 45 per cent, those of Australian seamen increased 9 per cent and the pay of Chinese increased by an amount not yet accurately reported.

"As a result of these reductions," the committees were told, "the wages of American seamen are now much lower than the pay of Canadian, and American crews on vessels of the same class and tonnage are now 23 per cent smaller than British crews and 'the actual monthly wage cost of seamen upon a British ship is now 34 per cent higher than upon an American Shipping Board vessel of the same class and tonnage.'"

"No American who can find other employment will ship on American vessels under present conditions," he said. "Their places will be filled with Orientals and the seamen of the world. This situation is doomed, no matter what artificial stimulus is provided in the way of subsidies, unless an immediate change is made in the policy as regards wages and manning of American ships."

## McNear Asks Pay For Delay of Ship

The question how much the use of one of his steamers was worth to a San Francisco shipping man during the high freight rate period was before Superior Judge Joseph S. Koford today, in a suit in which George W. McNear of San Francisco is contesting the right of the Hanlon Drydock company to sue him for a steamship repair bill of \$54,000.

McNear asserted today that because of a 22-day delay over the contract period of the part of the Hanlon concern in returning his oil tanker, the "Asuncion," to him, he lost \$60,000, or \$2500 a day. This he declared was the amount he could have made with the tanker under the freight rates then prevailing.

The Hanlon company contends that its liability is limited to \$100 a day.

Attorneys Everett J. Brown and Thomas J. Ledwith, and the San Francisco firm of McNear and Darby are representing McNear, while John W. Trevelyan and William Acton are appearing as counsel for the Hanlon company.

## Plant Makes Bogus Money and Booze

SAN FRANCISCO, May 2.—A raid on the residence of John Dadiari, 20 Julian place, by United States Secret Service Agent William Ash and Detective Kneiblauch today resulted in the uncovering of a counterfeiting plant and a whiskey still, and the arrest of three alleged conspirators. These in custody were John Dadiari, his brother, Constantine, and Frank Caspers.

A chase on a block in which six cars were fired, resulted in the capture of John Dadiari, 20 Julian place, and his brother, Constantine, and Frank Caspers.

Information was obtained that led to the raid on his home and the arrest of the other two men. The officers say that the couple, the counterfeiting plant in full operation and that it was turning out dollar pieces.

## Oakland to Welcome Italian Ambassador

Preparation is being made at the city hall in connection with the local Italian colony, to give a warm Oakland welcome to Signor Orlando Cilli, Italian ambassador to the United States, who is due here May 3. It is expected that Mayor Davis and the Oakland City Council shall meet him at the depot at 10 a. m. and give him and his entourage a tour of the city and its mountains before leaving for San Francisco.

## Irrigation Expert Dies at Ogden Home

OGDEN, Utah, May 2.—John Lewis W. Shurtliff, known as the father of irrigation in America and a leader in the Mormon church for more than half a century, died at his home here today. He was 82 years of age. Judge Shurtliff went to Idaho in 1854 as a representative of the Mormon church and there built what is believed to have been the first irrigation system in this country.

## Rejuvenated City Dredge Now Has Too Much 'Pep'

The overhauling and rebuilding of the municipal dredge was an entire success. It was so successful that harbor officials are now trying to tone it down lest it be too vigorous.

The famous old dredge, noted for its weekly scandals of yore, and later falling to pieces because of old age, was recently taken to the Hudson yards and overhauled completely. But the old dredge is now so full of vigor, vim, pep and jazz that it is actually faster than it will get about midway, and watched and pulled the bottom of the bay up by the roots.

The strength and power of the rejuvenated dredge was demonstrated yesterday, when laborers coupled the heavy iron pipe-line to its pump and planned to send sand and water along the line to the Hudson street front from the bottom of the bay. They then signaled the dredge to commence.

Just like Hercules, the dredge connected the blast of sand and mud from its powerful pump shot through the pipe line and ripped it apart. After a lot of hard labor the pipe line was re-coupled and the dredge started slowly. But even this puny effort was so vigorous that the pipes parted again.

Harbor officials are now working to tone down the coltishness out of the old dredge.

## C. W. CHILDS' FUNERAL HELD

The funeral of Charles W. Childs, former principal of the San Jose State Normal school and, under the late Superintendent of Schools J. W. McElmonds, superintendent of the local school department, took place this afternoon from a private chapel at Twenty-third street and Telegraph avenue. Childs, who died at his home on Vernon street, Friday night, after a long illness, was among the best known educators on the coast.

Born in Genesee, N. Y., in 1843, he came across the plains in 1862 and settled in Daguerre. Within a year he took a school at Cold Spring, El Dorado county. In 1867 he was graduated from the San Jose State Normal school, of which he was elected an instructor in 1884 and principal in 1889. He was principal of a school in Salsun eight years and superintendent of schools in Salinas county for two years.

Secretary of the Union League of El Dorado county he was accredited with valuable service in holding California in the Union. Childs was the author of several textbooks in bookkeeping and general education. He was a member of the Odd Fellows and the State Grange. As an orchardist he had holdings in Vacaville and St. Helena. Recently, with his sons, he engaged in the development of farms near Strathmore, Tulare county.

A widow, a daughter, Mrs. Blanche Knapp, and two sons, Lloyd Childs and Harold Childs, survive.

## Oliphant, in Address, Lauds Jury System

Jury Commissioner David D. Oliphant Jr., who is a candidate for the seat of the late J. Arthur Elston in Congress, spoke last night at the grand jury system before the Vernon - Rockridge Improvement club at Rockridge Masonic hall. Answering the recent criticism of the grand jury system made by Thomas Mott Osborne, the noted prison reformer, Oliphant said: "The grand jury is composed of ordinary citizens called in to assist the elected officials. With the jury, the grand jury is one of our political institutions in which the people themselves directly take part. Yet Osborne says that the grand jury is the worst of our political institutions. I say that a political institution managed by the people is a vital part of our political system, not to be abolished, but to be cherished and built up in the interest of a true republican government."

## Funds Pledged for Woman Evangelist

San Francisco, May 2.—The San Francisco chapter of the Woman Evangelist, Mrs. Anna Phelps McPherson, announced today that she had secured a fund of \$1000 for her work in the city. The fund was raised by her in a series of lectures and a half dozen more.

A chase on a block in which six cars were fired, resulted in the capture of John Dadiari, 20 Julian place, and his brother, Constantine, and Frank Caspers.

## Motor Plant Plans \$100,000 Building

An American motor plant is being built at the corner of Broadway and Broadway, near the city hall, in connection with the local Italian colony, to give a warm Oakland welcome to Signor Orlando Cilli, Italian ambassador to the United States, who is due here May 3. It is expected that Mayor Davis and the Oakland City Council shall meet him at the depot at 10 a. m. and give him and his entourage a tour of the city and its mountains before leaving for San Francisco.

## Big Orchard Plan Of Fleishhacker

MARYSVILLE, May 2.—Dr. F. W. Langford, of Stockton today announced that he had secured a large tract of land near here for the Fleishhacker orchard. The tract is located on the San Francisco and Marysville road, and is about 1000 acres in extent. The property is owned by the Fleishhacker family.

## MAN STRIKES DOWN BOY

ALAMOGON, May 2.—A man struck a boy down today. The man, who was walking home last night, according to his story to the police, a teenage boy ran out of a yard in the middle of the street and struck the man on the head. The boy was knocked down but got up and ran away. After striking the boy the man returned to the scene. The police have been asked by the boy's parents to investigate.

## MILLS COLLEGE COMMENCEMENT PROGRAM READY

Exercises to Have Endowment for Home; Will Begin Tuesday.

Mills College will observe the fifty-sixth annual commencement week beginning Tuesday, May 9, when the annual college picnic and lantern parade will be given under the auspices of the Class of 1922. The picnic, faculty and trustees will participate.

The departments of music have announced a concert for Wednesday evening, May 10. The following day will be given over to departments, concluding in the evening with the annual college dinner.

**PIAT TO BE GIVEN.** Music and drama will be featured on Hall Day, Friday, May 12, when the high school seniors in the bay district will be guests of honor. "The Midsummer Night's Dream," will be produced in the evening under the auspices of the Drama Association.

Class day will be celebrated on Saturday, May 13. The outstanding feature will be the production of "The Matilda Poppy," on the shores of Lake Aliso. The junior-senior class will conclude the festivities.

Dr. Rufus Bernhard von Kleinsmid, president of the University of Southern California, will be the commencement speaker on Monday, May 15. Dr. Arthur Henry Reinhardt, president of Mills College, will deliver the Baccalaureate sermon on the Sunday preceding.

## PROGRAM FOR WEEK

The program for commencement week, which has been dedicated to endowment, has been announced as follows:

May 9, Tuesday.—Annual college picnic, lantern parade, auspices Class of 1922; students, alumnae, faculty and trustees welcome.

May 10, Wednesday.—Concert, recital by departments of music.

May 11, Thursday.—Department Day—Department exhibits: 1. Science, history, English and language buildings.

May 12, Friday.—Hall Day; auspices Class of 1922. Reception to high school seniors by bay district.

May 13, Saturday.—Workshop play, "English China," drama workshop. Original compositions.

May 14, Sunday.—Baccalaureate sermon, the president of the college.

May 15, Monday.—Commencement. Annual commencement—Speaker, Rufus Bernhard von Kleinsmid, president of the University of Southern California.

May 16, Tuesday.—Baccalaureate dinner, the president of the college.

May 17, Wednesday.—Commencement exercises, the president of the college.

May 18, Thursday.—Commencement exercises, the president of the college.

May 19, Friday.—Commencement exercises, the president of the college.

May 20, Saturday.—Commencement exercises, the president of the college.

May 21, Sunday.—Commencement exercises, the president of the college.

May 22, Monday.—Commencement exercises, the president of the college.

May 23, Tuesday.—Commencement exercises, the president of the college.

May 24, Wednesday.—Commencement exercises, the president of the college.

May 25, Thursday.—Commencement exercises, the president of the college.

May 26, Friday.—Commencement exercises, the president of the college.

May 27, Saturday.—Commencement exercises, the president of the college.

May 28, Sunday.—Commencement exercises, the president of the college.

May 29, Monday.—Commencement exercises, the president of the college.

May 30, Tuesday.—Commencement exercises, the president of the college.

May 31, Wednesday.—Commencement exercises, the president of the college.

## FRAUD CHARGED IN SALE OF USED AUTO CONTRACTS

Insurance Company and Agent Made Defendants in \$14,594 Suit.

The Bankers' and Shippers' Insurance Company of New York and J. Murray Earlsman, bank of Italy building, declared to be an agent for the insurance company, were made defendants in a suit for \$14,594 filed today in the Superior Court by Archibald Andrews, wealthy resident of Piedmont, who charged Earlsman with participating in an attempt to swindle him out of the sum named. E. A. Shouse, dealer in used cars, is alleged to have participated in the fraud charged.

According to Andrews' complaint Shouse persuaded him to purchase a number of certified sales contracts, on which payments were still due, by showing him insurance policies on the cars. These policies, Andrews alleges, were endorsed by Earlsman, who declared he had investigated and knew the automobiles to be in good condition. Upon learning Shouse had gone into bankruptcy, Andrews says, he sought to collect on his contracts, only to learn that the policies were forged, there were no such persons in existence and no such cars to be found.

Earlsman, an accredited agent of the insurance company, having vouched for the autos, Andrews alleges, he then sought redress from Earlsman, who laughed at him. Andrews immediately filed a suit against Earlsman and the insurance company.

## Russian Famine Relief Work Grows

The American Friends' Service Committee of Philadelphia has submitted a report to date showing that since last September the organization has received \$823,481.48 in cash allocated for Russian famine relief.

Clothing to the amount of 72 tons has been received for the same purpose. There have been contributions of flour, totaling 10,000 sacks, valued at about \$40,000; garden seeds valued at about \$80,000; corn valued at about \$57,000; soap valued at about \$20,000, and food valued at about \$32,000 have also been contributed.

Tea served in Applied Arts buildings. College dinner, Hotel Oakland; auspices Class of 1922; students, alumnae, faculty, trustees, alumnae and their friends welcome (\$2).

May 12, Friday.—Hall Day; auspices Class of 1922. Reception to high school seniors by bay district.

May 13, Saturday.—Workshop play, "English China," drama workshop. Original compositions.

May 14, Sunday.—Baccalaureate sermon, the president of the college.

May 15, Monday.—Commencement. Annual commencement—Speaker, Rufus Bernhard von Kleinsmid, president of the University of Southern California.

May 16, Tuesday.—Baccalaureate dinner, the president of the college.

May 17, Wednesday.—Commencement exercises, the president of the college.

May 18, Thursday.—Commencement exercises, the president of the college.

May 19, Friday.—Commencement exercises, the president of the college.

May 20, Saturday.—Commencement exercises, the president of the college.

May 21, Sunday.—Commencement exercises, the president of the college.

May 22, Monday.—Commencement exercises, the president of the college.

May 23, Tuesday.—Commencement exercises, the president of the college.

May 24, Wednesday.—Commencement exercises, the president of the college.

May 25, Thursday.—Commencement exercises, the president of the college.

May 26, Friday.—Commencement exercises, the president of the college.

May 27, Saturday.—Commencement exercises, the president of the college.

May 28, Sunday.—Commencement exercises, the president of the college.

May 29, Monday.—Commencement exercises, the president of the college.

May 30, Tuesday.—Commencement exercises, the president of the college.

May 31, Wednesday.—Commencement exercises, the president of the college.

May 31, Wednesday.—Commencement exercises, the president of the college.

May 31, Wednesday.—Commencement exercises, the president of the college.

May 31, Wednesday.—Commencement exercises, the president of the college.

## Indian's Wife Wedded World Club, He Says

CHICAGO, May 2.—Charging Hawk, a full-blooded Sioux Indian, told Judge Adams of the Court of Domestic Relations, he had been in the army four years and served as a policeman on the Sioux reservation for three years, but he had never had so much excitement in his life as the time since he got married.

"My wife liked variety too much for me," he told the judge. "She been married four times—to a German, a Mexican, a Chinaman and then me. I can't keep up with her. She had too much experience."

Mrs. Ethel Charging Hawk declared she hadn't received a dollar for the support of herself or her two children—both by former marriages—since she married the Sioux. Judge Adams took their domestic difficulties under advisement.

## WIFE ASKS MATE TO SUE; HE WILL SEEK TO PLEASE

"I would like you to get a divorce as soon as possible," wrote Mrs. Margarita Moehmann to William H. Moehmann, Berkeley businessman, 30 Moehmann, to oblige his wife, who had left him more than a year ago, today filed suit for divorce with County Clerk George Gross.

Moehmann, in his complaint, quotes the letter which Mrs. Moehmann wrote him on January 15, 1922. She said: "I would like you to get a divorce as soon as possible. I think a legal separation is always the best. I suppose it is useless to tell you I'm awfully sorry, but I haven't really loved you for several years, but just went on living together because I didn't really know what the trouble was."

The Moehmanns were married on April 2, 1915, in San Francisco. Mrs. Moehmann deserted her husband on April 5, 1921, he charged.

## DEAD MAN IDENTIFIED

OMAHA, May 2.—The identity of a man found partially buried in a canyon near Valentine, Neb., last Sunday, has been established as that of John Gellis of Warren, O., according to a despatch from Valentine today. Gellis had been shot twelve times.

## STATE WOMEN'S CLUBS WILL OPEN MEET TOMORROW

L. A. Will Be Scene of the Twenty-first Annual Convention.

LOS ANGELES, May 2.—The twenty-first annual convention of the California Federation of Women's Clubs will open at 10 a. m. tomorrow in Bower hall, University of Southern California. Delegates from all parts of the state are arriving in the city hourly, promising the largest conference of clubwomen ever held in the state. Mrs. W. A. Fitzgerald, president, will call the convention to order.

"American Citizenship at Work and Play," is the theme about which the program of the four-day session has been built. The committee arranging the program numbers, Mrs. John C. Urquhart, Los Angeles; Dr. Mariana Bertola, San Francisco; Mrs. Sidney Thomas, Exley, Los Angeles; Mrs. Clarence M. Harbin, Berkeley; Miss Sue Barnwell, Los Angeles.

"American Citizenship," is the subject announced for the inaugural address to be delivered before adjournment at noon by Dr. Rufus B. von Kleinsmid, president of the University of Southern California. Reports of state officers, district presidents and the local board will follow the salute to the flag.

A radio recital will feature the afternoon program, the innovation being arranged by South Side Ebell. Mrs. Robert J. Burdette and Mrs. Edward Dexter Knight of San Francisco, have places in the first day's conference. Ebell Club will hostess the afternoon tea.

Gove, or William D. Stephens will be the guest of honor at the reception and musical tomorrow night. Dr. Mariana Bertola of San Francisco will respond to the greet.

## Mother Crosses Continent to Aid Delinquent Son

Although George Smith, 20, ran away from his home in North Carolina and left his aged mother to support herself, Mrs. Mary A. Smith, the mother, came clear across the continent to beg Alameda county authorities today to let her make good the amounts of worthless checks her son is alleged to have passed, in the hope of saving him from punishment.

Smith, who pleaded guilty recently in Portland to the charges against him, is to be extradited here to face a set of similar charges. Smith is alleged to have passed worthless checks aggregating \$800 in Oakland, and similar amounts in San Francisco, Los Angeles and New Orleans.

Restitution by the youth's mother of the amounts charged against him may result in his being placed on probation, according to Deputy District Attorney Earl Warren, to whom Mrs. Smith made her plea today. Smith was granted probation in Portland for the offenses for which he pleaded guilty there.

Mrs. Smith said her son had been helping her run a small store in their home town in North Carolina, but that under the influence of another youth he had become discontented and had run away.

ings from the hostesses. Mrs. Fitzgerald will deliver the president's annual message. The Apollo Club, children's and women's club choruses and the community orchestra will render the musical numbers.

The council also ordered the opening of Fifteenth street from Webster to Harrison, the ordinance being passed to print.

## COUNCIL ORDERS PAVING WORK ON TELEGRAPH AVE.

Negative Reply From Traction Company Brings Decisive Action.

As the result of a negative reply from General Manager W. R. Alberger, of the San Francisco-Oakland Terminal Railway, concerning the paving of Telegraph avenue, the city council this morning voted to order the work anyhow.

The matter was referred to the city attorney, who will communicate with Alberger, suggesting that the traction company do its part of the work, between and along the tracks, at the same time that the property owners do theirs.

Alberger pointed out that the company is in process of reorganization and cannot embark on such an expense. Commissioner Carter, acting mayor, said that action should be taken to compel it.

"We can't expect the traction company to come forward and offer to do its share of the paving," Carter said. "They never do. It's not their policy."

It was agreed that Telegraph avenue cannot be paved in part, with the property owners completing their work and the car tracks unpaved, so the work was ordered done by all the factors.

The council also ordered the opening of Fifteenth street from Webster to Harrison, the ordinance being passed to print.

# The A No. 1 Tire Man of the Town

It takes about 80,000 tire dealers to serve the vast car-owning population of this country. What is your idea of what a tire dealer ought to be?

IN 1920 the makers of United States Tires brought a note of commonsense into the tire business with a message which said—

"Go to a legitimate dealer and get a legitimate tire"

From then on—over a period of two years—the American public was given the frankest picture ever published of the good and bad in tire retailing.

It was surprising how many car-owners were as anxious to find a legitimate tire dealer as we were to tell about him.

Today, go into any typical American city and you'll locate one or more tire dealers whose business rank is that of the best dry goods or clothing or hardware store.

This wasn't true a few years ago. Now, when you think of the 12,000,000 automobiles that will soon be running in this country, you can see how legitimate tire merchants are needed.

The makers of United States Tires urge upon everybody—manufacturer and dealer alike—a new kind of competition.

Let us compete for more and more public confidence.

Let us compete for higher and higher quality.

Let us compete for still more dependable public service.

## THE SIZE OF THE ARMY.

It is obvious that Secretary of War Weeks does not expect Congress to grant his demand for an army of 163,000 men, however insistent he may be that that is positively the minimum force with which the army establishment can properly perform its duties. But it still is necessary, at least so the chief of executive departments think, to ask Congress for more than is expected in order to get what is essential.

The House, in passing the army appropriation bill, provided for a reduction of the army to 115,000 enlisted men and 11,000 officers. Inasmuch as the national defense act of 1920 provided for an army of 280,000 men and 18,000 officers, this is a considerable reduction proposed by the House. The actual strength of the army at present is 135,000 men, and very nearly the quota of officers allowed in the 1920 national defense act.

General Pershing and other high ranking officers of the army, together with Secretary Weeks, hold that if the strength of the army, either in officers or men, is reduced below the present strength they cannot answer for the efficacy of regular army as a skeleton defensive organization. The army chiefs—and under the leadership of General Pershing they are not demanding a "big" regular army—earnestly hope for Congressional authorization for an army of 150,000 and 13,000 officers. Allowing for the usual short enlistment and the usual percentage of sick this would leave available for active duty about 135,000 men.

After all the auxiliaries are subtracted from the main army, that is, about 9000 for the air service, 100 for the chemical warfare division, 14,000 for the quartermaster's corps, 5000 for duty in training the national guard, 2000 for the medical corps, etc., the actual fighting forces are composed of about 60,000 infantry, 10,000 cavalry, 15,000 field artillery and 13,000 coast artillery. And at present there are about 30,000 men on foreign service—in the Philippines, Hawaii, Canal Zone, China and Germany.

Thus at the present strength of 135,000 men, there are really only about 60,000 combatant soldiers in the regular army on duty in the United States. The number should not be reduced. Congress should provide for an army of not less than 135,000 men on active duty, with an adequate strength of commissioned officers.

## FORESTS AND FLOODS.

Yesterday there was printed in these columns an article commenting upon the flood situation in the Mississippi Valley, in which reference was made to the great property loss and the many thousands of homeless citizens. Attention was again called to the urgency of adequate flood prevention in the afflicted area.

But, of course, it should be stated, if it is not generally known, that levees and other means of flood control which were adequate twenty-five or fifty years ago are not effective today. Floods in the Middle West today develop more quickly, reach greater volume and consequently cause greater damage, than formerly.

The reason for this is the disappearance of the forests of the Middle West. Clearing of forest land and planting it to crops eliminates the natural temporary storage of rain, which served to release the water gradually to the river flow, and at the same time puts the surface of the soil in a condition permitting it to be washed away by the spring freshet and be deposited as silt in the beds of streams and rivers. Thus at the same time a larger volume of water is permitted to flow into the rivers, the bottoms of the channels of the rivers are raised, making for a smaller outlet for the flood waters.

We come back, then, to an old story—the harm of completely stripping the watersheds of forest. Floods follow deforestation as naturally as night follows day. There are two means of attack on the flood problem of the lower Mississippi. One is the reforestation of much of the land of Missouri, Illinois, Iowa and

Wisconsin, and Nebraska and Kansas along the Missouri, and the building of a better levee system along the Mississippi of the lowlands. The destructive outbreaks of the Mississippi should be a warning against the preventable denudation of forest lands in every section of the country.

## JAPAN BULLYING AGAIN.

Japan leaves the date of her promised military evacuation of Siberia in great uncertainty. Her pledges to the world hang upon her lightly. The Oriental version of diplomacy has not been abandoned for honesty and forthrightness.

We find the Japanese government now spreading the propaganda that evacuation is impossible and that instead of withdrawal her forces there should be strengthened. Mr. M. Matsushima, one of the Japanese delegates to the Dairen conference with the Chita government, is made the instrument of this effect. He becomes the mouthpiece of the war ministry and declares that the Chita delegates are responsible, by their "obstinacy," for the Dairen failure. He declares that Japan offered to fix the date of withdrawal after the signing of the agreement, while the foreign office at Tokyo states that Japan was willing to set the withdrawal three months after the date of signing the agreement.

This provokes interest in the agreement Japan proposed at Dairen. What did it call for? We have one answer. It is from the Chita delegation, which states that article X of the proposed agreement would compel the Far Eastern Republic of Chita, notwithstanding the laws of the republic, to grant Japanese subjects concessions in mining and forestry industries and also the right to participate in Russian companies. One must accept the word of the Chita delegates, for their statement is so much like Japan that it could not be anything else.

It would seem that Japan took the spirit, if not the letter, of the notorious twenty-one demands on China to Dairen and attempted to impose them on the Chita government. Probably Japan will deny this. But it will be remembered that once upon a time the Japanese government, through the late Viscount Okuma, stated there was no such thing as the twenty-one demands on China and that subsequently the Japanese government, through its delegates to the Washington conference on the limitation of armaments, agreed to withdraw that particular set of demands.

Whatever this agreement is, its text and meaning should be known. For Mr. M. Matsushima, war ministry agent, declares: "We must understand once and for all that we will not evacuate unless Chita accepts our demands and signs the treaty."

This statement stamps the Japanese proposal of Dairen, which the Chita delegates rejected, as one of the most important questions of the Far East. Around it revolves Japan's pledge to attempt no aggressions in Siberia and to withdraw her military forces from that rear. The world will see which statement is correct—that of Mr. Matsushima of Dairen notoriety or that of Mr. Hanihara at Washington.

This is postoffice improvement week. There is to be a competitive exhibit of errors, the contestants being the local postmaster and the public. Valuable facts may be developed at this unique carnival, but it is reasonably safe to wager it will be found that the public commits many times more mistakes than the postoffice. The local postoffice always is trying to avoid error, while the public, generally speaking, abandons itself to carelessness.

Russia may be sick, but she is capable of raising a rough house at Genoa.

## LET US DO IT RIGHT.

Chairman Lasker's South American shipping rate war involves more than the great bulk and value of the carrying trade between this country and the Latin continent. It involves the maritime prestige of this nation on the western hemisphere.

The oceanic trade of the United States and our southern neighbor is fast of late moment, with a trend in recent years to rapidly increasing tonnage and value. Out of Argentina's total imports of \$32,000,000 in 1920, for example, \$22,000,000, or more than one-third, were from the United States. Of her exports of \$50,000,000, only \$12,000,000 were shipped to us, but at that the exports and imports belonging to us were near enough to a balance to make an attractive haulage proportion for American ships.

Spain offered even better cargo chances for American bottoms. Her total imports were \$39,000,000 and \$12,000,000 of them from the United States. Her total exports were \$32,000,000, and \$22,000,000 of them to the United States. Clipped from the United States \$65,000,000 out of a total of \$141,000,000 imports, and shipped to the United States \$178,000,000 out of a total of \$278,000,000 exports. The foreign trade proportions of the smaller South American countries were not very different from that of the larger countries.

But aside and apart from the South American commerce with the United States, which soon after the war ran well beyond a billion dollars a year, if there is one place where the American flag ought to be kept flying over a busy and side-by-side merchant harbor, it is here in our western seas, between North America and South America. It may never be possible to do the business at a profit made out of the traffic itself so long as vessels on our ships are so much higher than wages. The South American ships are food and a repair bills so much heavier and general expense so much more burdensome.

The New York Herald cannot see how American ships can compete with British and other foreign ships on such uneven terms unless the United States government pays the difference in one form or another. But the difference is not a matter of a few dollars. It is a matter of millions. The South American trade is anywhere, and while we are making that test it behooves the United States Shipping Board to send in the South American ports the biggest, fastest and finest ships of all the merchant fleets that show their colors in those waters.—New York Herald.

# DAILY ALMANAC

Tuesday, May 2.

This is Boy's Week. . . . Boy, weed the garden. . . . Clyde Fitch was born in 1865. . . . Leonardo da Vinci died in 1520. . . . Elias Boudinot, first president of the American Bible Society, was born in 1740. . . . The Federal Convention assembled in Philadelphia in 1787 to adopt a national constitution. . . . A. W. Toussie, who was once called "The Victor Hugo of America," was born in 1838. . . . R. B. Birch, illustrator, born in 1856.

And Choke, You Bloke.  
 DEAR AD: How fitting 'tis that joke, provoke  
 Both rhyme themselves with poison oak.  
 —ARCHIE.

## The Nature Club.

From Redding comes a protest directed to the Club members. "On Easter morning," it says, "a San Francisco paper told the world of the impressive service when Red Bluff people stood on Duncan hill and saw the sun rise over Shasta. Come on up and look at Duncan Hill and Shasta. Figure it out for yourself. The sun has never performed like that and never will unless the reported shifting of the crust scrambles our landscape and our directions."—K. L.

"The sun rising over Shasta" was too tempting a line to be lost for mere deference to the compass.

Pullman porters are being trained to sing. If they carol the name of the cars they may earn grand opera reputations.

There is a sizable roll in the oldest-fashioned bank.

A poison oak experience has taught us what is good, for the swelled head?

As we see it Wu Pei Fu will balk Chang Tso-Lin before Lu Kow Chiao. If it isn't that it is something else again.

Katherine Kurtiss Kilpatrick frightened her lover today. She wrote him a missive, old Katie. And signed it like this—K. K. K.

After reading Harold French's poem on "Save Oakland's Redwoods" and taking cognizance of the difficult rhyme-scheme he has conquered, one need wonder no more at the lengths to which men will go for their ideals.

"Coranachs" chorus is swelling for an ax now is felling.

The lines rhyme at both ends and all through the poem, which you read no doubt on Saturday, there is the plea for the Redwood.

Queer man, French, wants to save a redwood tree when we have incinerators just as high!

Depends on the Reading.  
 (From Evening Paper)  
 Of his fortune, two spinster sisters, distant relatives, got \$900,000, the balance going to found a girls' orphanage.—J. C. L.

Archduke Leopold of Austria says he is hemmed in by poverty. And not long ago he was basted.

## The Name Club.

With the American troops stationed near the scene of the latest Chinese disturbance are Major Waltz and Captain Arms. The dispatch says that the major is in the midst of a whirl of events.

Charles Nutty won first place in an extemporaneous speaking contest in Iowa.

Gov. Small, on trial in Illinois told his lawyers he regretted having to leave his garden to go through the motions of a trial in which he will be vindicated. What we are interested in is the garden. Has he been weeding the Small potatoes?

## The Inconsiderate Man.

(From Aurora, Ill. Star)  
 L. C. Crane was taken ill Monday afternoon, annoying his relatives and friends greatly.

Stephen and the Bowline.  
 (Capeay Rancho Notes in Chico Enterprise)

Stephen Bamberger has been hurt again. Who would believe that an innocent bowline which never was known to cut up should start racing across the pasture just when Stephen was endeavoring to lead the animal to the barn. Young Bamberger was dragged for 100 yards before he could get help.

Some times a name fits like a glove.

More often it's no good; for instance, Mr. Wood Sawyer is seldom sawing wood.

An Oklahoma minister is threatened with expulsion for marrying a couple in bathing suits. Most of them say, "You now embark upon the sea of life," but evidently there is something wrong taking to that sea in a one-piece suit.

This is the time when all of the eastern papers are printing the old joke concerning the neighbor who has returned the snow shovel and wishes to borrow the lawn mower.

Twenty-one member nations of the League of Nations are behind in their dues. Why not let 'em pay in battleships?

## NOTES and COMMENT

New York World on checking the crime wave: "The experience of New York City is proving that when a great community is confronted with an alarming increase of crime it does not need either to deny the fact or surrender to its own underworld. At an additional cost which is trifling in comparison with the benefits expected, the courts have been strengthened to meet the emergency. The district attorneys are alert and active. Promptness and certainty in punishment are much more deterrent than an occasional severity that tempts the gambling spirit to take a chance. Clearing up the calendars and sharply raising the bail bonds required in serious cases will do much to check the prevalence of serious crime."

The Chicago News says this: "Elverson Mr. Ford, in replying to Secretary Mellon's inquiry as to the whereabouts of the \$22,000,000 in war profits that Mr. Ford, according to one of his eulogists, returned to the Federal treasury, denies responsibility for the story. The mystery is solved. Mr. Ford is not as wonderful as the Ford publicity agents paint him. That, by the way, is what a lot of persons have suspected for a long time."

The Kansas City Times remembers how "he kept us out" of Genoa: "When President Harding decided that the United States would keep out of the Genoa party there were some statesmen who made a great fuss about it. Isn't it about time for some of them to break an ominous silence on the subject and remind us that they told us what would happen if we followed the isolated path?"

New York Times on mosquitoes: "In taking mosquitoes seriously New Jersey is a pattern. No State has done more to exterminate the pest. From the tropics to the Arctic Circle the mosquito is indigenous. The human race has no more persistent enemy. In a report the Board of

Conservation and Development in New Jersey recommends that \$1,000,000 be appropriated for a five-year campaign against the mosquito in that State. Eternal vigilance is the price of immunity."

The Salt Lake Tribune discourses upon man's predilection to kill: "Whether or not the lust of kill will ever be removed from the heart of man is doubtful. Certainly, the eagerness to take life has shown few signs of diminishing in the passing centuries. The first impulse of a boy upon seeing a wondrously beautiful bird is to kill it. The first impulse of a grown man upon seeing a magnificent lion is to kill it. Man has killed to such terrible effect that he has killed off many species of wild life."

The Chicago News says this: "Elverson Mr. Ford, in replying to Secretary Mellon's inquiry as to the whereabouts of the \$22,000,000 in war profits that Mr. Ford, according to one of his eulogists, returned to the Federal treasury, denies responsibility for the story. The mystery is solved. Mr. Ford is not as wonderful as the Ford publicity agents paint him. That, by the way, is what a lot of persons have suspected for a long time."

The Kansas City Times remembers how "he kept us out" of Genoa: "When President Harding decided that the United States would keep out of the Genoa party there were some statesmen who made a great fuss about it. Isn't it about time for some of them to break an ominous silence on the subject and remind us that they told us what would happen if we followed the isolated path?"

## SPIRIT OF STATE PRESS

Of unusual interest is the announcement from Sacramento that the "Days of '49" Celebration to be held in that city next month will be confined entirely to the "wild and woolly" features of the days of old. Religion and worship came with the first rush of gold-seekers and this phase of the early mining camps will be observed in the first church built in Sacramento, erected on the spot where the first religious service was held in the city 70 years ago.—Livermore Herald.

According to the Los Angeles Enterprise, evidence against 19 bootleggers of that city has been stolen from the safe in the Los Angeles jail, and when the city trustees went after the evidence to start proceedings the evidence was gone. Judging by the amount of the stuff in circulation around Merced the past few days the missing "evidence" must have come this way.—Merced Star.

Are you expecting a little fairy in your home? Or are you the proud parent of a rollicking youngster? If so, by all means buy the little one an automatic revolver and you are ready for the evidence to start proceedings the evidence was gone. Judging by the amount of the stuff in circulation around Merced the past few days the missing "evidence" must have come this way.—Merced Star.

Charges that the Six-Minute Ferry Company directors fraudulently appropriated \$389,500 of the capital stock of the corporation were filed in the superior court yesterday. It is charged specifically that W. H. Morrissey received

\$45,000 and that other directors received a total of \$195,000 escrow stock illegally.—Vallejo Chronicle.

A policeman and the head of the University of California don't agree on the merits of the play "Wild Birds," given by university students. From the pictures of the "birds," they seem to have more legs than wings and perhaps that's why the policeman objects.—Hanford Sentinel.

Miss Whitney of Oakland, a social worker and "Parlor Bolshevik," must go to jail, says the appellate court. Some women are so constituted that they must have a "fad" to worship, even if they have to go to prison for harboring it.—Hanford Sentinel.

Lee Woolwine, district attorney of Los Angeles county, doesn't mince words in denouncing the Ku Klux Klan. He says they are "an un-American band of hooded cowards and outlaws," and he didn't put on a mask to say it.—Woodland Democrat.

Los Angeles now boasts of being not only the greatest city in America—in square miles—but also of having in her Griffith Park of 3553 acres, the largest park in this country. Is it not also the tallest park?—Sacramento Bee.

After sixteen years of wedded bliss, during which seven children eventuated, Louis F. T. Rabe of Gridley has started suit against Charles Hilgers of Oroville, charging him with alienating the affections of the plaintiff's wife.—Oroville Register.

## THE FORUM

The Editor of THE TRIBUNE declines responsibility for opinions and statements expressed in this column. Their contributions on current topics of general interest are welcome. They will not, as a rule, be printed unless accompanied by the name of the writer, which, if desired, will be withheld from publication.

## AS TO CENSORSHIP.

To the Editor of THE Tribune:  
 The recent clamor in the Press aroused by the censorship activities of the San Francisco police department with regard to the presentation in San Francisco of "Wild Birds" by the Greek Theater Players may have left behind it some doubt as to our attitude concerning censorship in general. Because we acceded to a request that one word of the play be changed, we have been asked whether we accept the principle of censorship.

Beyond the effort of the municipality to restrict the exploitation of patent indecency of word or act, I should resist any form of censorship. Any facts that constitute problems for human beings, that complicate their relations or give rise to their emotions, are suitable for dramatic treatment. We have too long in America fostered the idea that the really serious concerns vexing human beings, however earnestly they may be treated, in treatises, in poems, or even of late years in the novel, may not properly be made themes of drama and that they be employed to evoke laughter.

Thus it happens that in characteristically American theatrical entertainment our jests, regarding, let us say, drunkenness, mothers-in-law, marital infidelity, bedroom escapades, are in real life the starting points of tragic situations. If our wont never to laugh in public about the things that are really funny, though often we allow our tears to be evoked by sentimental appeals which our everyday common sense in everyday life reveals to us as ludicrous. Slowly, through the influence and courage of such playwrights as Eugene O'Neill, Susan Glaspell or Arthur Hays Sulzberger, such theaters as the Theater Guild, the Provincetown Players, various little and community theaters throughout the country, and, may I say so, the Greek Theater in Berkeley, not to mention European dramatists during the last half century, the American public is coming to accept the fact that the theater is a place concerned primarily with the truthful presentation of the relations of human beings, whether in a comic or tragic aspect.

Mr. Bernard Shaw, in the preface to the "Showing-up of Blanco Posnet," has reviewed the entire case for censorship, and the only conclusion one can reach after reading his argument is that censorship, in no matter what form, cannot but defeat the very reason for which the theater exists.

My accession to the request of the chief of police that a single word of "Wild Birds" be changed was prompted by the same spirit in which the request was made—sheer jest. The man on the street and the chief and I all know that the alteration of the word "slut" to "hussy" could do no more to purge alleged improprieties of the play than it could alter its spirit or vitiate its meaning. So the request for the change was granted as it was made—merely.

IRVING PICHEL,  
 Director of the Greek Theater Players.  
 Berkeley, May 1.

 "Yes, she is matrimonially inclined."—Boston Transcript.

# About YOUR HEALTH

What a Carbuncle Is and the Way to Avoid One

By ROYAL S. COPELAND, M. D.,  
 Commissioner of Health,  
 New York City.

A boil is a localized inflammation of the skin, developing pus and a "core" or slough. It is due to a germ called the "staphylococcus."

In order for this germ to get a chance to do its work it must penetrate the tissues. For it simply to alight on the skin is not enough. It must be rubbed in, or otherwise thrust into the substance of the skin. For this reason boils are found in those parts which are played upon by the clothing. The rubbing of the collar upon the neck, or of the garments upon the buttocks, may give the staphylococcus just the right conditions to force it into the tissues.

The habit of scratching the caruncle with a hairpin or a toothpick may cause the entrance of the germ into the skin, and result in one of those painful things, an aural boil.

A carbuncle is like a group of boils. Instead of discharging its contents through one opening as a boil does, it has several, perhaps many openings.

The skin becomes dark red, hard, and it looks as if it had been varnished. In a week or 10 days the pus appears at the surface and breaks through the skin at several points.

The seriousness of a carbuncle depends on the age and the general condition of the victim. If he is young and vigorous, he will come through and without danger to his life. Old persons and run-down or ill persons may have serious results from carbuncles.

There are certain diseases, particularly diabetes, in which a carbuncle is a rather common complication. On this account every person who has a carbuncle or recurrent boil formation should have the urine examined to make sure there is absence of sugar.

A bad carbuncle will last from four to six weeks, and is, of course, very debilitating. A single carbuncle is bad enough, a second one is worse, but a strong person could weather several. Certainly there is no rule of nature saying that a pair is the limit.

Let me say this for your comfort: There is almost no kind of suffering which cannot be endured and successfully overcome. There are no stated rules which govern the outcome of any ailment. The natural tendency of disease is toward recovery. If it were not so, almost the first sickness one had would have a fatal result. Serious carbuncles, and terrible as might be the suffering caused by two or three, yet your life can resist such an assault if it is in reasonable repair at the start.

The surest guarantee against boils and carbuncles is likewise the surest guarantee against every disease. Right living and eating and sleeping and breathing and right thinking will keep you well, and when you are well you are able to resist every germ.

WHAT IS DOING TONIGHT

Colonel John B. Wyman Circle No. 22, G. A. R., holds meeting. Compensations of the Forest hold their monthly luncheon. Corner Club meets, 1741 Broadway, 6 p. m. Melrose Review No. 70, W. B. A., gives dance, Masonic Temple. Fraternity of A. O. U. E., No. 1375, holds election of officers. Elcina Lodge, No. 390, L. S. of the B. of L. E. and E., holds meeting.

POP SAYS HE'LL GIVE ME  
SOME CANDY TOMORROW!  
BUT, GOSH, TOMORROW IS  
ALWAYS ONE DAY  
LATE

## DENBY ASKS FUND TO START NAVY BASE AT ALAMEDA

Interest in the Navy Department in an early start on the Alameda naval base and in plans for nearer adequate facilities for the fleet on the Pacific Coast has been shown again with the request of Secretary Denby for an appropriation which shall include the Alameda item.

Secretary Denby appeared unexpectedly before the Senate Appropriations committee to urge that the naval appropriations bill be increased by \$28,000,000, mainly to improve the facilities on this coast.

Alameda, Mare Island, Los Angeles and San Point would receive this money, it was pointed out.

Denby declared himself satisfied with the House bill fixing the personnel at \$5,000, but said that the appropriations were unbalanced and that there could be no adequate care of the fleet in the Pacific under the program as outlined. To the committee Denby put these items as necessary.

Acceptance of the 5340 acres of land at Alameda for development as a naval base and appropriation of \$100,000 for a start on that development.

Establishment of a submarine base at Los Angeles, and acceptance of land there. Acceptance of 400 acres as an aviation base at Sand Point and \$100,000 appropriation.

For dykes and dredging at Mare Island, \$750,000. A pier at Puget Sound, \$500,000; storage house at San Pedro, \$200,000, and work at Pearl Harbor, \$533,000.

The significant parts of the request are those concerning Alameda and Mare Island. It is connected with an appropriation at Alameda the base will be started and that until the operation is made there will be more or less of doubt concerning the project.

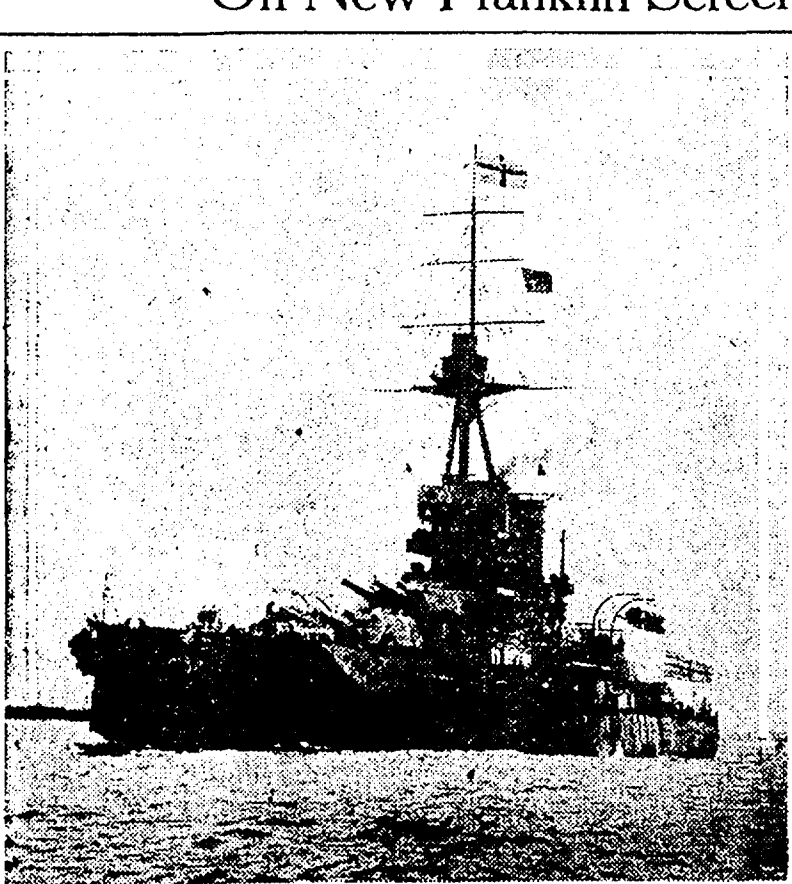

Denby's action shows he is convinced that the site is the place for the base and still hopeful of congressional action to put it there. The improvement, which he asks for Mare Island would show that he regards that yard as a permanent institution.

## Engineer Forms New Fire Department

City Engineer W. W. Harmon today organized a new fire department at the city corporation yard at Ninth and Fallon streets.

As a result of the new organization, every member of the city's yard has his rank and number in the fire department and has his place on the motor pumping engine which resides at the yard. His duty is not only to protect the corporation yard, with its many wooden buildings and its \$300,000 worth of public materials, but also to suppress possible fires among automobiles parked during Auditorium events.

## Greatest Sea Fight Shown On New Franklin Screen

Actual scenes of Battle of Jutland from start to finish with the big leviathans of the sea annihilating each other in the whirlwind finish that changed the map of the world.

James Oliver Curwood's virile love story of the Hudson Bay country, "Jan of the Big Snows," the feature attraction.

The intricacies of a mammoth sea battle are clearly shown in this remarkable picture of the biggest scrap of the recent war. Not alone is the course of the battle clearly defined by miniature ships executing every manoeuvre, but the big giants are shown in action, adding numerous thrills to the spectacular melees that meant the beginning of the end of the biggest war of history.

"Jan of the Big Snows" is undoubtedly James Oliver Curwood's finest story of the land where virile men make their own laws. Jan, the big burly trapper, to whom women mean nothing, learns of a wonderful love when a fellow hunter brings home his bride. But the unwritten code of the seventeenth century protected her. His secret love for the woman forms the basis of Curwood's thrilling tale, ending in an unexpected climax among the snow-capped giants of the colorful North.

## FINISH JOB, SCHOOLBOYS ARE URGED

Get All Education Possible, Speakers Advise Youths in Boys' Week Program; Athletic Day Tomorrow

The second day of Boys' Week centered in the schools.

Today was "Back to School and Good Turn" day and throughout the day speakers from the Oakland Rotary Club addressed the students on the two subjects "Finishing the Job" and "The Value of a Good Turn."

Speakers under the direction of Homer J. Beniss, who was chairman of today's program, appeared in all of the public and parochial schools and told the boys why they should get all the education possible and why they should do a good turn each day.

KAHN ADDRESSES BOYS.

Frederick Kahn, addressing the students of the Fremont High school, gave one of the talks on "Finishing the Job." He said:

"Experience has proved that high school graduates are able to develop greater earning power than do those who are compelled to enter industry without the benefit of that advanced education. The difference has been conservatively estimated at \$500 a year for 20 years.

You should make every effort to complete your four years of high school and if you are not planning to attend university, special attention should be given those subjects which can be used by you in commercial or industrial work. The present courses in the high schools have been developed with this thought in mind.

There is but a limited field of employment in this state for those under the age of 18. The difficulties of arranging schedules of work to allow those under 18 to attend school four hours a week, are such as to cause employers to give preference in all positions to those over 18 years of age. California industries do not want to use child labor.

PLAYGROUND DAY.

Tomorrow will be Playground and Athletic Day, under the direction of Jay B. Nash, head of the recreation department. There will be three special events participated in by boys in all the play centers of the city. The committee will distribute 4500 first prizes to the winners.

Thursday will be Rotary Day, which will be featured by a parade of 6000 boys through the streets of the city to Lakeside park, where a "hot dog luncheon" will be served. Chairman Joseph S. Tishborough figured today that the sandwiches will make a pile 75 feet long, three feet wide and three feet high. The ice cream will consist of 200 gallons.

Denby's action shows he is convinced that the site is the place for the base and still hopeful of congressional action to put it there. The improvement, which he asks for Mare Island would show that he regards that yard as a permanent institution.

## Lions to Plan for Conclave at Fresno

The Grand Den of Lions at their regular weekly luncheon at the Hotel Oakland tomorrow will take up the final arrangements of the organization's district convention to be held in Fresno within a few weeks. The luncheon will be limited to den members.

## Plains of '49 vs. Planes of '22

SECRETARY A. S. DUDLEY of Sacramento Chamber of Commerce, in '49 costume, and CLYDE PANGBORN, who piloted him here from the Capital City by airplane. Inset shows close-up of Dudley with his whiskers and gun "an' everything."

## FAST AIRPLANE FLIGHT BOOSTS RALLY OF '49'ERS

Seventy-three years of California's history were spanned in an airplane ride from Sacramento to Oakland yesterday. Secretary A. S. Dudley, of the Sacramento Chamber of Commerce, clad in a beaver hat, leather boot and other articles of clothing of the vintage of '49, was the passenger. The plane was piloted by Clyde Pangborn.

The distance from Sacramento, 73 miles as the air plane flies, was covered in exactly one hour.

With a blue-barreled forty-five slung from his waist in a belt holster and a several weeks' growth of whiskers, Dudley landed at Durant field at 12 o'clock noon. He made the trip to keep a speaking engagement at Richard's cafe before the Specialty Salesman.

Dudley spoke on the "Days of '49" celebration to be held at Sacramento this month.

## McCormack Off to Erin to Recupere

NEW YORK, May 2.—John McCormack was so far recovered today from his recent serious illness that he was a passenger with his wife and family on the Aquitania, bound for a rest and visit to his home in Athlone, Ireland.

## CHILDREN TO GET HEALTH ON OUTINGS

Undernourished Will Get An Opportunity to Live in the Open Air Through Tribune's Big Mountain Fund

Plans are already being made for the choosing of the first children who will be sent to the Oakland municipal camp in the Sierras, as a result of The TRIBUNE'S Mountain Camp funds, which will be used this summer to send needy and undernourished children to the healthy mountains for two weeks.

The fund is being raised by popular subscription and has excited a great deal of interest throughout the city.

The children who will be sent for two week vacations at the camp will be carefully selected from lists presented to the recreation department by the Associated Charities. They will be children most in need of a trip to the mountains, undernourished children who will be greatly benefited by two weeks in the mountain atmosphere, with wholesome food and exercise to make them strong.

## Baby Clothes Sought by Junior Red Cross Shop

By EDNA B. KINARD.  
Are baby clothes, baby furniture, hats, shoes, garments, white elephants in any of the homes of Oakland? Are there women with a wish in their heart to do something for somebody?  
There is the Junior Red Cross Shop in Twelfth street. The Oakland Federation of Mothers' Clubs, the Oakland School Department and the Alameda County Public Health Center are partners in the business, the entire proceeds from which returns to practical child welfare work. The little shop which is maintained by the volunteer workers between Franklin and Webster streets on Twelfth serves a dual purpose. It translates refuse into dollars which go into nutrition, dental and orthopedic work, while providing clothing and comfort to many families at a minimum cost. The large call is for baby things—layettes, cribs, beds, buggies, mattresses, etc. Many women are meeting regularly to fashion the simple outfits for infants, but the demand far exceeds supply. Hats and trimmings for headwear for children and grown-ups find a ready market. Shoes and all manner of clothing are constantly sought. No white elephant but may find a purchaser and add dimes or dollars to the child welfare treasury. Profits of contributions may be made by telephone to Lakeside 161.  
Children needing the mid-morning breakfast of milk served in the public schools who cannot afford to pay the small cost are financed by Oakland Federation of Mothers' Clubs. In March \$75 as a one-third share was appropriated to the nutrition fund from the Junior Red Cross Shop. The Public Health Center is using its share of the profits largely in corrective work and in dental service for school children. The school department finances its revolving dental chairs through the commercial project.

Oakland Social Settlement is launching a new year with a board of directors elected at the annual meeting of a week ago. Those who will this year direct the work of the important project, which includes the making of a community center, fifth and Linden streets, offering to mothers of the neighborhood their own clubs and study classes, to children, recreational opportunities and practical study clubs, are Mrs. C. J. Gorrill, Mrs. J. L. Gorrill, Miss Charlotte Player, Miss Gertrude Murphy, Mrs. J. A. Vandergrift, Mrs. Murray Johnson, Mrs. A. B. Nye.

## "TIZ" GLADDENS SORE, TIRED FEET

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters and bunions.

"TIZ" draws out the action and poisons that puff up your feet. No matter how long you work, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight. Get a box of "TIZ" now from any drugstore, department store, shoe store, or mail order. Smaller shoes, keep your feet fresh, sweet and happy—Advertisement.

Mrs. E. H. Nielsen, Mrs. Charles H. King, Mrs. W. A. Starr, Mrs. W. A. Starr, Mrs. A. M. Merrill, Mrs. W. H. Chickering.

Special committees have been named by Mrs. Blanche L. Eastman, president of the Alameda County Presidents' Council, and confirmed by the executive board as follows: Luncheon, Mrs. C. B. Wilson, Mrs. Nellie Bullock; program, Mrs. J. L. Platts, Mrs. Edgar L. Ormsby; credentials, Mrs. C. D. Haines, Mrs. A. L. Nickerson, Mrs. O. M. Thomas, Mrs. C. C. Chamberlain, Mrs. Harry Hoyle.

Music and dramatic readings will feature the May union meeting of the Adolphus Club. Thursday afternoon when several hundred members and guests assemble in the Alameda clubhouse. The program will include: H. J. Platts, Mrs. Edgar L. Ormsby, piano; Mrs. Dorothy Dukes, cello; Charles Lloyd, bass; Howard L. Milholland, impersonator and reader. Mrs. F. J. Collier will be presiding mistress.

A card party will be given to-night by the exclusive club. A portable building has been given to the Parent-Teacher Association in the Daniel Webster School for their use. When the "dads" of the community realized what the mothers were doing through the newly organized club, they began to co-operate in all the work of a parent-teacher association which will include not alone the mothers and faculty but fathers as well.

George Porterfield has called a meeting for tonight when the plans will be presented. The men are considering a house-to-house canvass in the interests of the movement, hoping for 100 per cent enrollment in the community.

Mrs. F. V. Vollmer, who will succeed Mrs. Peter J. Kramer as president of Oakland Federation of Mothers' Clubs, was the speaker to-day before the Mount Diablo Literary Club, meeting in the Christian Church in Concord. Mrs. Raymond Murphy, Mrs. E. C. Clark, Mrs. Althea Lamb and Mrs. F. M. McCall were hostesses.

Lakeview School Parent-Teacher Association, which was organized a year ago, is holding a regular membership of 75, will hold the second meeting tomorrow at 2 p. m. in the school auditorium. The nominating committee will present its report.

## Scenario Writer Is Divorced; Desertion

LOS ANGELES, May 2.—Mrs. Josephine W. Doty obtained a divorce in the superior court here yesterday from Douglas Zabriskie Doty, former New York editor and publisher and now scenario writer for a Los Angeles motion picture company, on the grounds of desertion. Mrs. Doty is in New York and the decree was signed after a hearing by deputy clerk before a referee. By stipulation, Doty will pay Mrs. Doty \$250 a month.

## Keeping A Rosy Complexion And A Clear Smooth Skin What Millions Of Women Do.

Medical science says that each one of the billions of red blood corpuscles in your blood stream comes from your skin. Your lips and cheeks also lose their color, then your stomach, kidneys, liver and heart become weakened, your intestines do not act properly, poisons may be absorbed into your system and your skin thereby becomes rough and muddy looking; dark circles may appear under your eyes, your cheek and facial muscles and tissues shrink, hollows may appear, and you may even look several years older than you actually are. To say the least, the freshness of your youthful beauty is gone.

It is estimated that at least one woman out of every three you meet looks tired, listless, and has more or less of a "dead" expression. In many cases, in addition to the loss of their beauty, they become weak, nervous, unsteady and may be afflicted with such things as indigestion, constipation, or other ailments of the digestive tract. Nature's gift to you is guaranteed in every case, and which your blood must have for you to be strong, healthy and vigorous. It is in your blood that puts the color in your cheeks, helps you to sleep and gives you a rosy glow of health to your complexion. It has been used by millions of women. Get a bottle today, take it for two weeks, and you have not lost the beauty of the roses, and you have obtained most surprising health, strength and energy from the use of Nuxated Iron. The manufacturer will promptly refund your money.

**NUXATED IRON**  
Iron is a secret of beauty and health of millions of wonderful women.

Jim, be sure not to forget to stop at The TRIBUNE office and have my paper forwarded. There's no extra charge.

## TWO WOMEN AND FOUR MEN TAKEN BY DRY OFFICERS

Quantity of Liquor Is Seized  
When Sleuths Conduct  
Four Raids.

In four raids last night two women and four men were arrested by the "dry squad" for violating the national prohibition act. At the Kory Grill, 527 Sixteenth street, Policemen Wallace Canning, George Berner and Clyde Miller said liquor had been served to several guests. James Anderson, the proprietor, Mrs. Emma Dickson and Miss Mary White, waitresses, were arrested. In the kitchen the officers seized several bottles of wine and whisky. In a shed at the rear seventy-five gallons of choice assorted wines, two gallons and a half of whisky and eleven gallons of wine were found.

Angelo Signorini, who conducts a soft drink parlor at 501 Broadway, was arrested by the same officers. They seized a quart of wine and a gallon of jacks brandy. Two gallons of gin and a bottle of jacks brandy were confiscated in a raid on the rooms of Charles P. Bonness at 1508 Clay street. According to the police he has been operating an upstairs soft drink parlor.

## Landlord Tries to Stop Fight; Killed

KLAMATH FALLS, Ore., May 2.—George J. Nichols is dead today because he attempted to stop a quarrel between his colored tenants. Nichols entered the house, which was occupied by William Lewis, a negro, and wife, just as their quarrel had reached a climax. Mrs. Lewis attempted to flee and her husband fired three shots wildly. He then turned his revolver on Nichols, shooting him through the neck and causing instant death. Lewis escaped.

57

## Olcott Conjures Fairies; Miller, Miss Bates Charm

### 'RAGGED ROBIN' TUNEFUL DRAMA

As sweet and refreshing as a mountain spring is "Ragged Robin," the "farewell" vehicle of Chauncey Olcott, which conjured the good "fies from the air" and delighted and charmed them in the Auditorium Theater for a three-day stay.

"Ragged Robin" concerns chiefly the fairies and Olcott. The fairies are shown to be responsible for everything in this Irish comedy drama, and Olcott is solely responsible for its success. That it was a success will be attested by the packed house of last night.

Briefly the story concerns "Ragged Robin," a wandering Irish minstrel who has lost his heritage through the malevolence of a foster brother. They love the same girl in later life, but Martin whistles. The fairies do not approve and distress follows. Then, but that would be telling the story and the fairies might not approve of that.

In this new play Olcott has found a role admirably suited to his histrionic talents and splendid in its opportunities for his voice. Time has passed lightly for Olcott, and that voice which won fame and fortune for him has lost none of its sympathy or vigor.

In addition to the numbers he offers during the course of the performance, he sang a "curtain speech" last night using as a medium "My Wild Irish Rose," which was chosen by some one in the audience on Olcott's offer to sing whatever was called for.

Although the songs of Olcott comprise one of the chief bits of interest in the play the drama itself is well worth seeing. It is melodramatic comedy and has been handsomely mounted and the electrical effects in the big scene were splendid.

There is a big supporting company with Olcott this season, and notable work was done by Ethel Notropidi, who played Ragged Robin's sweetheart, Edmund Daily, who was a most hateful villain; Marie Vernon, whose villainous Sheelah was a treat; and James A. Bliss and Josie Clavin, who had the comedy roles.

It was well worth seeing, this farewell piece of Olcott's. The audience left the theater the better for it, and the only pity is that it cannot remain more than three brief days.—W. S.

## Suit Will Test Bonus Bond Plan

SAN FRANCISCO, May 2.—In order to determine the constitutionality of the \$10,000 bond issue of the Veterans' Welfare Board, a petition for a writ of mandamus to compel Secretary of State Frank C. Jordan to put the measure on the ballots for the November election, was made today to the superior court.

Recently that tribunal upheld the validity of the legislation passed by the last Legislature, but it did not determine the constitutionality of the bond issue itself, and Secretary Jordan declined to place the measure on the ballot.

## Girl's Suit Against Governor Quashed

JACKSON, Miss., May 2.—The \$100,000 suit brought by Miss Frances C. Birkhead, a stenographer, against Governor Leo Russell of Mississippi, his former employer, alleging seduction, was dismissed in the federal court today on the ground of lack of jurisdiction.

## Agreement Reached On 86,000 in Navy

WASHINGTON, May 2.—An agreement upon a navy enlisted personnel for next year of 86,000 men, the number voted by the House, was said to have been reached unanimously at an executive meeting today of the Senate appropriations sub-committee considering the House measure.

## TWO SLAIN BY BANDITS.

MEXICO CITY, May 2.—A chauffeur was killed and a paymaster wounded by bandits who held them up less than two miles from the Corono Oil Company at Buena Vista, and robbed them of the payroll of 20,000 pesos, according to a report received here today.

## STATE OFFICIALS' NAMES FOUND ON K. K. REGISTER

Sacramento Policemen Are  
Included in Lists Taken  
in L. A. Raid.

LOS ANGELES, May 2 (By International News Service).—The names of two state officials, five county employees and a police officer at Sacramento were active members of the Ku Klux Klan, it was revealed today when special despatches were received at the district attorney's office from the state capital.

John F. Blair, state capital building.

J. J. Frey, state capital building.

W. F. Wilson, Sacramento.

Byron C. Irwin, P. A. Pearl.

W. H. Wilson and B. Harris, all of the Hall of Justice, Sacramento.

R. S. Powers, Sacramento police officer.

The names of the eight men were found on the membership list of the Ku Klux Klan seized in the raid on the Klan headquarters in Los Angeles last week. Despatches from Sacramento today revealed that those named were state county and city employees there.

## OFFERS OF EVIDENCE.

BY INTERNATIONAL NEWS SERVICE  
LEASSED WIRE TO TRIBUNE.

LOS ANGELES, May 2.—A demand for the arrest of Fred Eddu-ayen, whose home in Inglewood was raided by a mob of masked men, was made today by Nathan J. Baker, king of the Ku Klux Klan, charged with an official with responsibility for the raid, in a letter received by United States District Attorney Burke. Baker offered to furnish Burke with "evidence," he said, was obtained at Eddu-ayen's place, consisting of liquor purchased, statements made to us and marked money."

Baker's revolver and informed the Klan king that any evidence should be turned over to the prohibition officers.

LOS ANGELES, May 2.—District Attorney Woolwine's agents were today running down a report that efforts had been made to influence members of the grand jury drawn to investigate the Ku Klux Klan in Los Angeles county.

The district attorney's office was informed that three or four members of the panel from which the jury of nineteen will be selected Thursday had been approached by various channels and sounded on their feelings toward the alleged night raiders.

The prospective grand jurors were especially asked about their religious convictions, according to the report made to the district attorney.

"I instantly kill any person caught in an attempt to influence a juror by fear or favor," Woolwine announced.

## WHOLESALE SURRENDER.

Grand Goblin Coburn was rounding up his Klansmen and others who participated in the raid on Inglewood for a wholesale surrender tomorrow morning.

"I sincerely hope all the men who took part in the Inglewood affair are now pledged to march to the hall of records and deliver themselves to the district attorney," said Coburn.

Other developments of the Klan investigation in Los Angeles, including the finding of names of a certain and certain of police on the roster of Klansmen seized in a raid on the grand govt. "Aulie," the dismissal of L. L. Bryson, a deputy constable, who admitted participation in the Inglewood affair; the holding of Leonard Reuss, Los Angeles manufacturer, wounded during the battle at Inglewood, under \$10,000 bond; denunciation of mob violence in resolutions passed at the state convention of the California Commandery Naval and Military Order of the Spanish-American War.

## Ban on Klan in Kern County Fails

BAKERSFIELD, May 2.—A resolution introduced in the regular meeting of the Kern county board of supervisors yesterday by Supervisor Ira Williams, fifth district, Bakersfield, condemning the Ku Klux Klan as a "menace to the community" and demanding that "any county officials who are members of the Klan to sever their connection with the Klan or that with the county," died for lack of a second.

Members of the board said that they considered it inadvisable to go on record with the expressions contained in the resolution at this time, the official investigation of the Klan thus far not having found on it responsibility for any lawless acts in the county.

The Bakersfield city council last night refused to pass an "anti-making ordinance" on the ground that such an ordinance was unnecessary at this time. Members of the council held that the ordinance would interfere with masquerade entertainments.

## Oberammergau Ousts Foreign Profiteers

OBERAMMERGAU, May 2.—Two English and three Greek merchants who came here with the purpose of molesting the Passion Play visitors have been ordered to leave. Arrangements have been made to provide all visitors with food at fair prices, but it is going to be impossible to house thousands of people who wish to come.

## Noted Critic to Offer Second Lecture Series

JOHN COWPER POWYS, English critic, who will speak of "Great Personalities."

## John Cowper Powys to Speak on "Great Personalities"

in Hotel Oakland.

A second group of lectures to be given by John Cowper Powys, English critic, has been arranged by Miss Zanette W. Potter, beginning next Monday, May 8, at the Hotel Oakland. Powys recently concluded a series of lectures on the subject of "Books That Live and Die."

The subjects to be discussed in the next series will be grouped as follows:

Monday morning, May 8, 11 o'clock, Rose room, "France, or the Art of Life."

Tuesday evening, May 9, 8:15 o'clock, South room, "Lloyd George and Clemenceau."

Thursday evening, May 11, 8:15, South room, "Psycho-Analysis, Its Use and Abuse."

Friday morning, May 12, 11 o'clock, Rose room, "Robert Louis Stevenson and Joseph Conrad."

Saturday morning, May 13, 11 o'clock, Rose room, "England and the Secret of Individualism."

## LOCAL PRODUCTS' USE REQUESTED

A campaign for the use of Oakland factory products on all public construction work is to be inaugurated by the Oakland Merchants' Exchange, which has taken the matter up with the city of Oakland, the county school board and the county board of supervisors.

Fred Parsons and Wilbur Walker of the Exchange appeared before the Oakland Board of Education yesterday, and were informed by C. W. Dickie, school architect, that it was the policy of his office to favor Alameda county firms in the drawing of specifications.

Parsons stated yesterday that the "Great Subjects and Great Personalities," the program being as follows:

Monday morning, May 8, 11 o'clock, Rose room, "France, or the Art of Life."

Tuesday evening, May 9, 8:15 o'clock, South room, "Lloyd George and Clemenceau."

Thursday evening, May 11, 8:15, South room, "Psycho-Analysis, Its Use and Abuse."

Friday morning, May 12, 11 o'clock, Rose room, "Robert Louis Stevenson and Joseph Conrad."

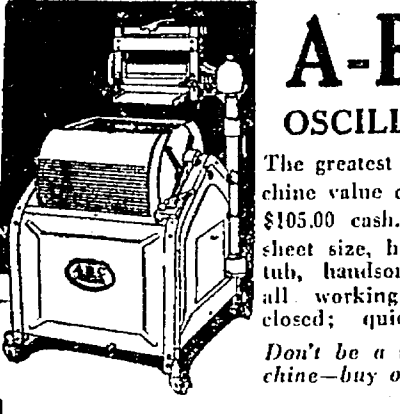

Saturday morning, May 13, 11 o'clock, Rose room, "England and the Secret of Individualism."

campaign is the outcome of the drawing of county specifications for paints which set the standard by an eastern product, making it impossible for Alameda county paint factories to compete. He said local concerns would be able to compete in most lines to advantage, if public specifications are made so that Oakland products can be used.

## Liquor and Wine Seized in U. S. Raid

A large quantity of liquor and wine was seized last night when federal agents raided the Cosy Grill, 637 Sixteenth street, and arrested J. Anderson, Mrs. E. B. Dickson and Francis White on charges of violating the prohibition act. Charles Benson of 1508 Clay street, Manuel Perry of 723 Twenty-third street and G. Signorini of 501 Broadway, were also arrested on similar charges.

# Wednesday Is To Be Athletic and Playground Day During Boys' Week

By JAY B. NASH

Chairman Athletic and Playground Day Committee  
Oakland Rotary Club

TO be successful in life, one must have good health. If they are to have good health in later years, boys must pay a great deal of attention to "keeping fit."

Wholesome recreation and sensible exercise in the open air do much toward helping boys to grow into keen, fast-thinking, upstanding, healthy men.

In order that attention may be called to the need for physical education, and to the many facilities in Oakland for sane athletics, special stress is to be laid on this subject throughout the schools and clubs tomorrow.

At the schools, special activities for boys will be held in the afternoon. Clubs which meet in the evening are arranging for special programs. The Y. M. C. A. Clubs, Church Clubs, Boy Scout Troops, Playground and School Clubs are uniting to make Wednesday a day long to be remembered by the boys of Oakland.

## Badges Will Be Awarded to the Winners in Three General Events

Three events have been standardized, and similar contests will take place throughout the city. Badges for first, second, and third place will be given in all events held.

## THE FIRST EVENT WILL BE HOP, STEP, AND JUMP.

This consists of a full hop on one foot, a step, bringing the feet together for a broad jump. The total distance made by the action will be measured.

## THE SECOND EVENT WILL BE CHINNING.

The contestant must start from a hanging position, pull the chin up to where the bar rests, and then lower full length. The score will be kept by counting the number of times the boy chins himself according to rules.

## THE THIRD EVENT WILL BE JUMP AND REACH.

The contestants will measure the distance at the top of

their ordinary reach. They will then jump to the highest possible point and touch with chalk. The distance between the first mark and the second one will be measured and the winner chosen accordingly.

In the schools, Decathlon classification will hold and competition may be carried on in connection with regular classroom work, or after school. In clubs outside the schools, age classification will hold as follows:

- 1—Eight to ten years.
- 2—Ten to twelve years.
- 3—Twelve to fourteen years.
- 4—Fourteen to sixteen years.
- 5—Sixteen to eighteen years.
- 6—Eighteen years and over.

Oakland spends more money for playgrounds and recreation than any other city in the state, and less for charities and corrections than do most California cities one-fifth its size.

There are 52 public playgrounds in the city. All of them should be the scene of much activity tomorrow!

## REFERENDUM TO COMPEL CIVIL SERVICE SOUGHT

L. A. Expert Calls California Conditions Worst Administered in Union.

With the declaration that the worst administered civil service laws in the Union are those of California, a corps of workers under Charles R. Burger, president of the County Civil Service Commission of Los Angeles, today began circulation of a petition throughout the state seeking to make civil service requirements a part of the state constitution.

From the movement are Dr. John R. Haynes, of the State Board of Charities, and William Kent, former United States Congressman from Marin county. "The trouble with the present situation," Burger said today, "is that although the existing civil service laws are excellent if let alone, they are constantly being nullified by acts of the legislature. Thus the state labor bureau, which originally was under civil service, has been made exempt, so that it is now filled with patronage. "The proposed water and power act, under which it is contemplated to spend \$500,000,000, contains a provision specifically exempting its operation from the existing civil service laws. It would be the height of absurdity to exempt the spending of that amount of money from civil service restrictions. It was this proposal that precipitated the action of those who are heading the present movement."

It will require 55,000 signatures to place the proposed constitutional amendment on the ballot at the next election, according to Burger.

## City to Entertain Disabled Veterans

SAN FRANCISCO, May 2.—An announcement has been made that there are to be several added attractions to the civic entertainment pageant and ball to be given by the Mayor's Citizens' committee at the Exposition Auditorium Friday evening. The purpose of the affair is to help provide funds for the benefit of appropriate civic entertainment and reception to the disabled American veterans who will be here in June to attend their convention.

## Heirs of Miller Will Get Rebate

SAN FRANCISCO, May 2.—In accordance with a U. S. Supreme court decision, a rebate of \$2,500,000 of a \$4,000,000 tax demanded on the estate must be made by the Federal government to the heirs of Henry Miller, the cattle king. The Supreme court, according to an announcement made at Washington, has decided that the Federal estate tax of 1916 is not retroactive.

## Runaway Car Kills Little Chinese Child

SAN FRANCISCO, May 2.—The two-year-old child of Mrs. Lee On, wife of a Chinese laundryman of 803 Jackson street, is dead today as the result of an auto accident which occurred at Jackson and Stockton streets yesterday. The mother who was with the child at the time was seriously injured. The two were struck by a driverless machine. Vincent Tammaro, 2481 Bryant street, is the machine's owner. He said he had no idea how the car had been started, as he had left it with the brakes set tightly and the wheels turned in toward the curb.

## Planing Plant and Sawmill Are Burned

SAN FRANCISCO, May 2.—Damage to the amount of \$10,000 was done last night in a fire at the yard of the James H. Hardy company, Fourth and Channel streets. The sawmill and planing plant were destroyed.

**WILL HOLD SMOKER.**  
SAN FRANCISCO, May 2.—The annual high jinks and smoker of the American Registered Pharmacists will be held this evening in Native Sons' building on Mason street. It will commence at 8 o'clock.

## Dohrmann to Dine S. F. Labor Leaders

SAN FRANCISCO, May 2.—A dinner will be given tonight by Fred Dohrmann Jr., to San Francisco labor leaders at the Hotel St. Francis. The purpose of the meeting will be to bring the principles, aims and program of the new Employment Relations Association to the attention of business, labor and civic leaders.

## Reserve Officers To Hold Reunion

SAN FRANCISCO, May 2.—The fifth anniversary of the opening of the war-time camp will be celebrated on May 15 by a reunion of 2500 members of the first reserve officers' training camp held at the Presidio in 1917. Announcement of the reunion was made yesterday at army headquarters here.

**FERRY FRANCHISE GRANTED.**  
SAN FRANCISCO, May 2.—The board of supervisors has granted a franchise to the Golden Gate Ferry Company to operate a ferry from the foot of Hyde street to Sausalito. The action was taken yesterday and was by unanimous approval. It is said that the service will begin in a few weeks.

## ANTI-ALIEN LAND LAW HIT HARD BY SUPREME COURT

Decision Allows Japanese to Own Land as Guardians of Minor Children.

SACRAMENTO, May 2.—(By International News Service.)—Governor W. D. Stephens indicated today that immediate steps will be taken to meet if possible the constitutional objections raised by the state supreme court in holding invalid the guardian clause of the state anti-Japanese land owning law.

The first instance wherein a phase of the California anti-alien land law has been rendered inoperative is recorded with the decision of the Supreme Court of the state that Japanese may own land in California as guardians for their minor children. The opinion, handed down in a test case, throws out as unconstitutional the amendment passed two years ago. When the amendment passed the state legislature the few opponents declared its unconstitutionality was apparent and predicted that a favorable vote would mean needless expenditure of money. Argument on the bill, however, resolved

## GIRLS WILLING TO CHANCE BOREDOM

"Say, Janet, I read that a woman writer, Kathleen Norris, I believe it was, said that people couldn't really enjoy life unless they were poor. She said that rich people were so bored with everything that life turns stale on them. Now what do you think of that?" "I'll tell you what I think. I'd like to chance it once, anyway. Maybe folks who always have had a million or so don't have any chance to find things to interest them, but if someone like me would fall heir to a fortune it would take them a long time to get bored. Think of all the places to go, and things to see. And say! Think of all the clothes to wear. Oh me, oh my!"

"Well, I guess you're right. Neither of us would get bored immediately with a fortune to spend. But maybe we poorer folks get a keen zest for life pining for things we can't have. Clothes, for instance. Oh how I do want a new silk dress of some kind." "Well, I want one, too, and I am going to get it at Cherry's, 615 13th street, you know. They allow one to make practically any arrangements they like for payment down and subsequent monthly payments." Cherry's store for men is at 528 13th street.—Advertisement.

itself about the general question of land ownership and questions of the legality of the measure were ignored. After a stormy session the bill was given a large majority in both houses.

The opinion, written by Supreme Justice Lucien M. Shaw, and concurred in by all the associate justices except William J. Lawlor, declares the whole question is an international one and should be disposed of by the Congress of the United States. Justice Lawlor, in disagreeing, said: "The plain object of this provision was to deny the right to be such a guardian to aliens who were made ineligible to hold agricultural land so as to prevent an evasion of the law. It follows that since it was adopted to prevent an evasion of the law the alien land law this enactment should be upheld as aiding the enforcement of the alien land law in spirit as well as in letter."

The decision was based on an appeal taken by Hayado Yano, in Butte county.

## INNAN FLAYS DECISION.

SACRAMENTO, May 2.—"If the people of the state of California, speaking in the decisive manner in which they did in the passage of

the alien land law, cannot say who shall own their lands and under what conditions and restriction their lands shall be owned, then it is time we find out."

With this statement, Senator J. M. Inman, head of the Oriental Exclusion League, advocated today the recall of judicial decisions, following the decision of the state supreme court in ruling unconstitutional the amendment of the alien land law prohibiting the sale of property to Japanese children through guardians.

## Mrs. Croker Receives Condoling Messages

DUBLIN, May 2.—Messages of condolence from all parts of Ireland and from many friends in America still were being delivered to Mrs. Richard Croker at Glancuir Castle, whose husband, former Tammany Hall chieftain, died Saturday afternoon. Since Croker's death the American flag has been flying at half-mast over the castle and numerous friends have called to express sympathy for his widow.

**AGED MAN DIES.**  
SANTA ANA, May 2.—Benjamin B. Miner, 81 years old, grain operator of Indianapolis, Ind., who came here seven months ago, is dead here.

# SCHEDULE FOR EAST VS. WEST TENNIS MEET IS ANNOUNCED

## TEDDY O'HARA AND YOUNG BROWN ON EDGE FOR BOUT AT AUDITORIUM TOMORROW NIGHT

### ENTRIES FOR TENNIS CHAMPIONSHIPS WILL CLOSE ON THURSDAY

East vs. West Matches Start Saturday; Play in Pacific Coast Tourney to Last a Week.

By DOUG. MONTELL.

Entries for the Pacific Coast championship tennis tournament, which will be held on the courts of the Berkeley Tennis Club from May 8 to May 14, close Thursday night with the championship committee in San Francisco, according to word from William Fuller, the representative of the Berkeley club. Those in charge of the arrangements for the East vs. West tourney, which starts May 6, and the Pacific Coast championships, some events of which start the morning of the 6th, predict that the entry list for the 1922 championships will exceed any of recent years. Many stars from all parts of the coast will be on hand to take part in the nine events on the regular program while others will be attracted by the presence of William T. Tilden and Vincent Richards, the eastern stars.

On account of the large number of entries that will be contested this year the committee will run the preliminary matches of the boys' singles championships next Saturday morning, the first pair starting at 8 o'clock. The matches will run from 8 to 12 in order to get this round out of the way before Monday when all events will be used to run off the other events on the championship schedule.

#### East vs. West Net Program Announced.

A change in the program of the East vs. West tennis tournament was announced last night by Dr. Sumner Hays of the California Lawn Tennis Association. The matches will extend over a period of three days instead of two as originally planned with the following announced as the program for the events: Sunday, May 6, William T. Tilden (East) vs. John John Strachan (West), singles at 1:30; Vincent Richards (East) vs. William T. Johnston (West), singles at 3:00; Sunday, May 7, Vincent Richards (East) vs. John John Strachan (West), doubles at 1:30; Monday, May 8, William T. Tilden (East) vs. John John Strachan (West), singles at 1:30; Monday, May 8, Vincent Richards (East) vs. William T. Johnston (West), doubles at 3:00. It was planned to have three singles and one doubles match in the series but the announcement of the last night eliminated one of the doubles matches and added another singles. All play in the tournament will be conducted under the rules of Davis Cup play, the best three sets out of five.

#### All Champions Will Be Entered

Practically all of the present champions of last year's Pacific Coast tournament will be on hand to defend their titles. William T. Johnston, winner of the men's singles championship in the 1921 tournament, one of the three western players who have been named to represent the west in the East vs. West competition and although he is not a champion, he is expected to be in the tournament for two days previous to the start of the Pacific Coast tourney. Johnston is expected that he will figure to successfully defend his title against the list of eastern players who are listed against him. Although the men's doubles championship is not the prize money, it has been held at the Berkeley courts always being awarded to the south, there will be a special effort to get men on the program and Johnston is expected to be entered in that event. It will be a ten days of effort to get Johnston in the Pacific Coast competition for the Pacific Coast court champion, probably the toughest stretch of difficult play he has ever had.

#### Interest Centers On Girls' Event

Interest among the younger girls of the bay is centered on the new championship event, the girls' singles, which has been added to the list this year. The girls' event is the history of a championship tournament anywhere in the country. The event was created by the committee in charge of the encouragement of junior tennis and the age

#### Washington School Wins Championship In Island City Meet

Washington school won the annual field day of the Alameda city schools held at Lincoln park Saturday, April 29.

The drum and bugle corps of the schools, followed by the boy scouts and track teams of the grammar schools, marched on the field at 2:15 and halted at the east side of Lincoln park, where flag raising was held.

The first event of the day, the mile and a half relay, was awarded to the Porter school with Washington second, Alameda third and Lincoln last.

Six records were broken and seven records tied in the meet. Records broken were: Standing broad jump, 30-foot 10-inch, Alameda; 50-foot 10-inch, running broad jump, 30-foot 10-inch, Alameda; 100-foot 10-inch, Alameda; 150-foot 10-inch, Alameda; 200-foot 10-inch, Alameda; 300-foot 10-inch, Alameda; 400-foot 10-inch, Alameda; 500-foot 10-inch, Alameda; 600-foot 10-inch, Alameda; 700-foot 10-inch, Alameda; 800-foot 10-inch, Alameda; 900-foot 10-inch, Alameda; 1000-foot 10-inch, Alameda; 1100-foot 10-inch, Alameda; 1200-foot 10-inch, Alameda; 1300-foot 10-inch, Alameda; 1400-foot 10-inch, Alameda; 1500-foot 10-inch, Alameda; 1600-foot 10-inch, Alameda; 1700-foot 10-inch, Alameda; 1800-foot 10-inch, Alameda; 1900-foot 10-inch, Alameda; 2000-foot 10-inch, Alameda; 2100-foot 10-inch, Alameda; 2200-foot 10-inch, Alameda; 2300-foot 10-inch, Alameda; 2400-foot 10-inch, Alameda; 2500-foot 10-inch, Alameda; 2600-foot 10-inch, Alameda; 2700-foot 10-inch, Alameda; 2800-foot 10-inch, Alameda; 2900-foot 10-inch, Alameda; 3000-foot 10-inch, Alameda; 3100-foot 10-inch, Alameda; 3200-foot 10-inch, Alameda; 3300-foot 10-inch, Alameda; 3400-foot 10-inch, Alameda; 3500-foot 10-inch, Alameda; 3600-foot 10-inch, Alameda; 3700-foot 10-inch, Alameda; 3800-foot 10-inch, Alameda; 3900-foot 10-inch, Alameda; 4000-foot 10-inch, Alameda; 4100-foot 10-inch, Alameda; 4200-foot 10-inch, Alameda; ## The Fore Thoughted Widow

In an unthoughted moment a colored woman in a North Carolina town contracted a matrimonial alliance. But the honeymoon ended tragically. Just two weeks after the wedding ceremony the happy bridegroom was fooling about the railroad yards and a switch engine ran over him—on the bias—and he, being of a fleshy build, was distributed for a considerable distance along the right of way becoming, to all seeming intents and purposes, a total loss.

Yet it was immediately to develop that in a deceased state, he had a financial standing which had been denied him in the flesh. For, with that desire to do justice speedily which ever marks the legal profession, a claim agent of the railroad got hold of the widow before any other lawyer could reach her and hurried her to his office where he showed her five hundred dollars in shiny new bills, which was more money than she thought there was in the world. With one eager hand she reached for this incredible fortune and with the other, using haste lest the beneficent white gentleman should recover from his impulses of generosity, she signed on the dotted line A of the quit claim.

Another colored woman who had come with her to witness this triumph and who was standing behind her, perfectly pop-eyed with envy and admiration, said:

"Clarissa, what you reckon you goin' do now sence you had all dis luck?"

Before the widow answered she lifted a rustling twenty from off the top of the delectable heap and fanned herself with it and inhaled its fragrance; then she said:

"I don't know ez I shall do anything—fur a spell. I got to wait till time is healed my wounds an' I's spent dis yere money. Of co'se in the yeas to come I may marry ag'in an' then ag'in I may not—who can tell? But, gal, I tells you right now, ef ever I does marry ag'in my second husband is suttin'ly goin' be a railroad man."

(Copyright, 1922)

## Chips on the Block by Robert Quillen

The modern system: "They married and became acquainted." Every crook becomes a promising young man when he faces the judge.

Among servants "housemaid knuce" is a less prevalent disease than "keyhole eye."

Courtship is "love's young dream." Marriage is the alarm clock.

The man who works hard certainly ought to succeed. He has little external competition.

Presumably "Ataman of the Cossacks" is the father of the well-known Attaboy.

As the crowning achievement of a busy life, Mr. Burbank might win a nation's gratitude by developing a non-skid banana peel.

These days the divorce lawyers carry skeleton keys to fit

any and all wedlocks, apparently.

Dad is spring-cleaned more thoroughly than the house when Mother buys her new spring clothes.

Turkish women have started disenclosing their naked faces. A fad that American girls are not likely to imitate.

Salome, it is now held, was not a dancer but an acrobat. In other words, she wasn't a dancer; she was a modern dancer.

The rain falleth alike on the just and on the unjust—but the unjust man generally has the just man's raincoat.

"Hell yawns," cries an alarmed preacher. Well, you can't blame it much, with spring in the air.

If it's bootleg stuff, it's wise to look not upon the wine when it is red, white, blue, purple, striped, speckled or spotted.

"You can't make a monkey out of me," Mr. Bryan said, in substance. Well, the voters did it on more than one occasion, we would say.

The radio creates a new world. It's a wonderful invention. Think of the joy of being able to connect up with Cuba and hear our friends drink!

Margot called Niagara Falls "so pretty I could hardly speak when I got out and looked." In which case she should by all means have kept on looking.

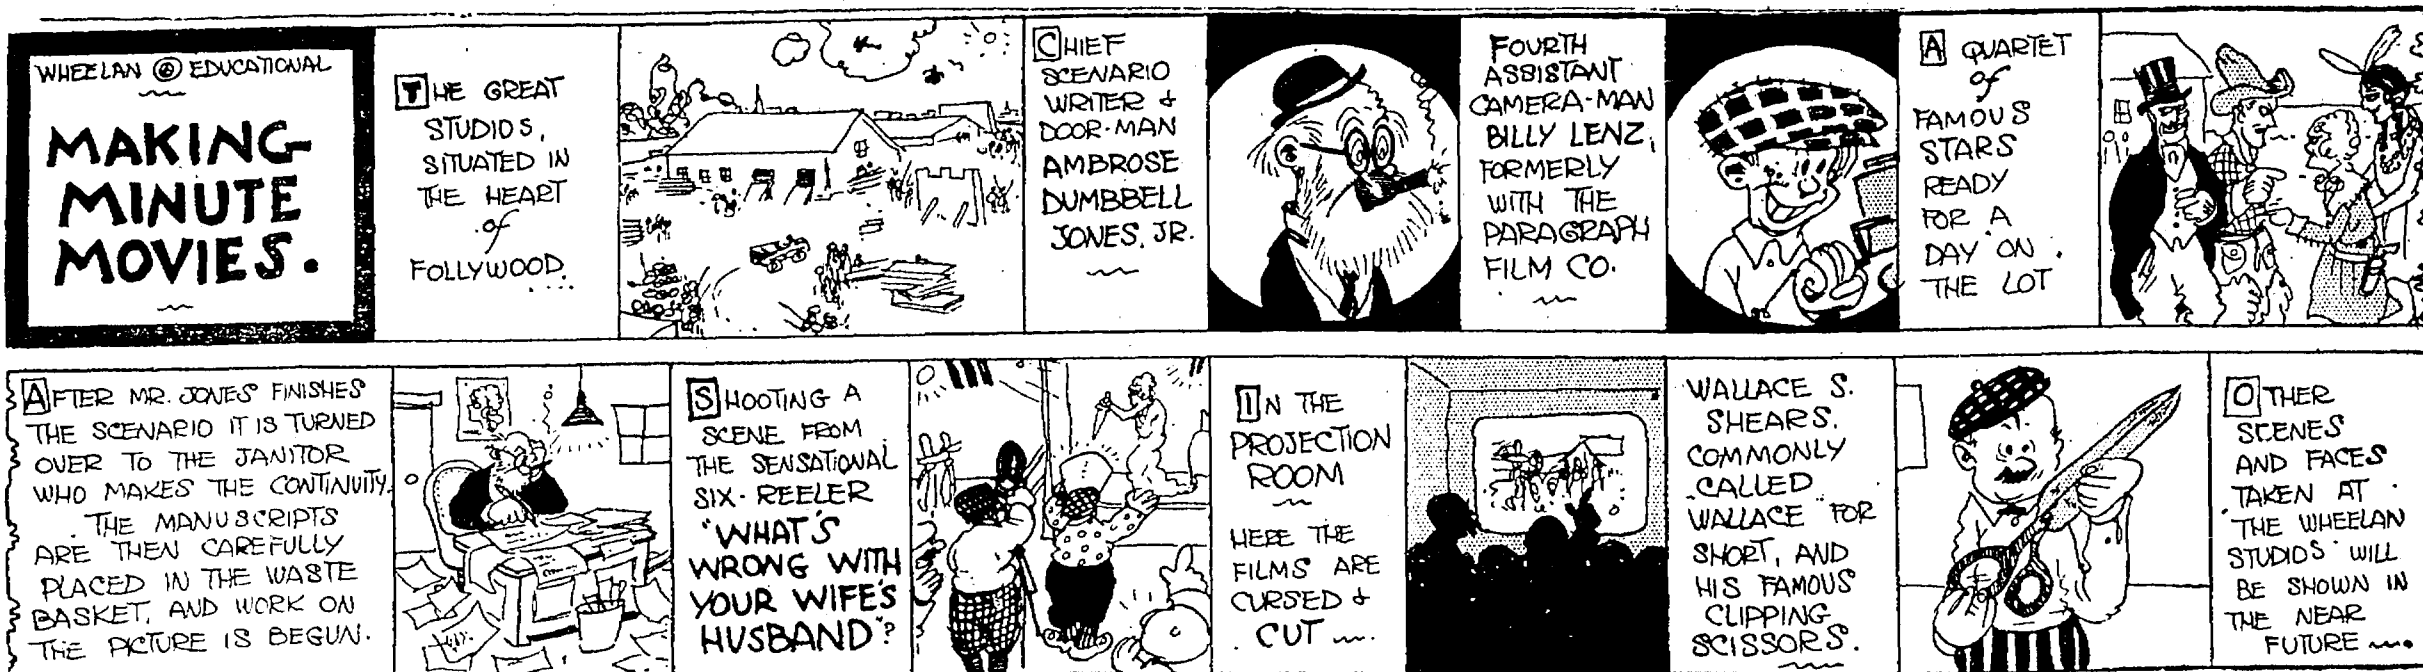

The batter who hit three homers yesterday discovers, when he strikes out twice today, that baseball fans have the poorest memories in the world.

A New Yorker has sold several thousand shares in a wireless "perpetual light" bulb without even demonstrating the bulb. Barnum's estimate seems to have been very, very conservative.

## POTATOES, NEW AND OLD, SHOW FIRMER PRICE

### Hill Regions Exhaust Their New Crop; Market Men Supply Colma Section

The potato market was stronger today. New crop from the hill regions is about exhausted and the supply source for the next few days will come from the Colma region. As that section has only about half a crop there will probably be no crowding the demand for a short time.

Old crop stuff is also firm. Nevada Burbanks have increased at 10 to 20 cents a hundred in the past week.

Strawberries were offered in quantity today with the prices weaker. Garden truck was showing more plentiful with peas leading the increase. Asparagus arrivals were normal and the price was about the same. The market for eggplant was weaker as the new crop of onions, Bermuda variety sold at 10 to 15 top.

Weather conditions throughout the state have been generally favorable for the last half of April. Light frosts on the 16th and 17th are considered a blessing for the orchards. The total damage was very slight. Dry north winds in the Sacramento valley and further rainfall in essential to assure a good grain crop in that section. Pasture conditions are excellent at this date and livestock continued to improve. The movement to market of grass fed cattle will be somewhat later than usual on account of the cold winter and abnormal spring weather. May feed lots are making good progress. Prices are holding firm and are favorable to the stockmen. Spring lambs are in the market in small numbers from Fresno and Merced counties. The market is good and prospects excellent.

## OAKLAND PRODUCE

**FRUITS.**  
Dates—Dromedary, new crop, packed in vest pocket packages, \$3.50 per case, regular pack, 121/2 @ 140 per lb. 120-220-220-220.

TWO CONCERTS  
TO BE SENT OUT  
BY LOCAL RADIOMusical Treat Is in Store for  
the Wireless Telegraphy  
Devotees Tonight

A real musical treat is in store for the radio fans of the bay district for this evening. Two different concerts, in succession, will be broadcast from Oakland radio stations, and special programs have been arranged for, consisting of vocal, instrumental and orchestral selections.

The first concert will be The TRIBUNE's special Tuesday night entertainment and will be broadcast from its station at the Hotel Oakland from 7:30 to 8:15 o'clock. Special talent has been obtained. Two of the singers will be Miss Dorothy Buchner and Miss Ella McVicker. In addition there will be other special numbers.

The TRIBUNE's concert will follow the daily 15 minutes of press broadcasting from this station. Late press reports and final baseball scores will be put "on the air" from 7:15 to 7:30, 15 minutes previous to the time set for the beginning of the concert.

The TRIBUNE's concert will be followed by another which will be broadcast from the Rockridge station from 8:15 to 9. The Rex Illie Glee club orchestra, under the management of Blise Jackson, will play at this station for the radio fans. The program will include jazz dance music and other selections.

San Leandro to Have  
Radio Phone in Plaza

SAN LEANDRO, May 2.—A radio, with a loud speaking attachment, will be erected on the city plaza of San Leandro tomorrow by E. F. Hartwell, representative of an electrical concern. The apparatus, it is said, will remain for an indefinite period, and during various portions of the day connections will be made whereby various concerts or musicals may be heard throughout the business section. Special preparations, in the way of benches and parking spaces, have been arranged for the evenings of this week. A large crowd is expected each night. Wires and portions of the apparatus were erected today.

Hearst Is Seeking  
N. Y. Governorship

NEW YORK, May 2.—William Randolph Hearst will be candidate for the Democratic nomination for governor of New York this fall, according to an exclusive announcement in the New York World today.

The World story declares that a formal announcement to this effect will be made within a few days, when campaign headquarters will be opened in this city.

William J. Connors of Buffalo, according to the World, is taking a prominent part in the organization of the Hearst forces, who are also seeking to line up former Governor Alfred E. Smith as Hearst's running mate on the ticket for United States Senator.

X-RAY SPECIALIST DIES.  
BELLEVILLE, Ill., May 2.—Dr. Heber Roberts, 70, internationally known X-ray and radium specialist, died at his home here yesterday. His death was indirectly due to burns received while experimenting with Roentgen rays before present day precautionary measures were known.

## His Talk Heard Here

EUGENIUS OUTERBRIDGE, chairman of the Port of New York Authority, broadcasting the message which was heard across the continent from Station WJZ at Newark, N. J. The TRIBUNE's radio station at the Hotel Oakland picked up portions of the message, and published the gist of Outerbridge's remarks. While Preston D. Allen, The TRIBUNE's radio operator, succeeded in catching some of the chairman's message, amateur interference did not permit the test to be as successful as had been hoped. The message was "put on the air" in the afternoon of April 26, 1922.—P. & A. photo.

ANSWERS TO  
QUESTIONS

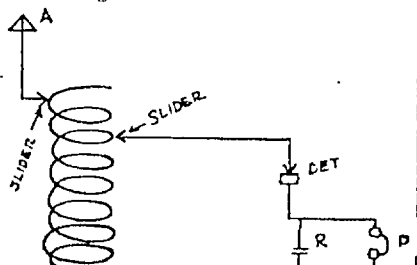

Radio Editor TRIBUNE: I have been trying to make storage batteries, using lead bought in a hardware store but have had little success as I find they won't hold a charge. Is this because of impurities in the lead or some other cause? If impurities, can they be removed and how?

RADIO KEYS, Member 236.  
1516 Edith street, Berkeley.  
We do not believe it is the impure lead so much as it is the lack of action-material forming. Would advise you to obtain some old Edison cell elements of lead, cell elements that have already been formed, rather than to try to form them yourself. Two Edison tubes (positive and negative) can be placed in a small glass tube and a number of these makes a good "B" battery. The same thing can be accomplished with a lead cell by cutting large plates into small strips so they fit into a test tube or small bottle.

Radio Editor TRIBUNE: Please answer the following questions:  
1. What is the simplest receiving set that could be put in a box 7 by 5 by 2?  
2. My antenna is 50 feet high and

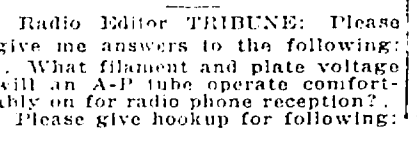

60 feet long is it high and long enough?  
3. Give me the hook up of a set consisting of a detector, condenser and tuning coil?  
J. C. B.

1. The TRIBUNE set is the smallest we know of. It is 14x14x14 inches.  
2. A four-wire antenna of the length you mention is O. K.  
3. Diagram herewith.

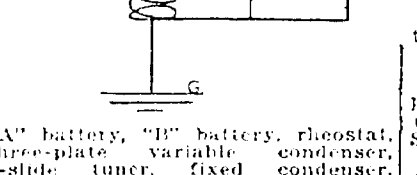

Radio Editor TRIBUNE: Please answer the following questions: (1) Do you know any store that has any Murdock phones for sale?  
2. Is there a law that sea-going ships that carry passengers have to have a wireless?  
MEMBER 268.

1. We don't know any that have them on hand at this moment, but several have them ordered.  
2. Yes, all ships of the American Merchant Marine must be equipped with radio if they carry more than 50 persons, passengers or crew.  
Radio Editor TRIBUNE: Please give me answers to the following:  
1. What filament and plate voltage will an A-1 tube operate comfortably on for radio phone reception?  
Please give hookup for following:

the fundamental is about 150 meters.  
2. About 160 milla.

Radio Editor TRIBUNE: I would like to ask the following questions:  
(1) What is the call of the transport Sherman? The liner Salsonia?  
What is the wave length of the Avalon-Los Angeles wireless telephone line?  
3. How much power do they use at the above station?  
4. What is the call of the Modesto Herald?  
5. What is the power of the following:

Have Confidence  
In Your Jeweler

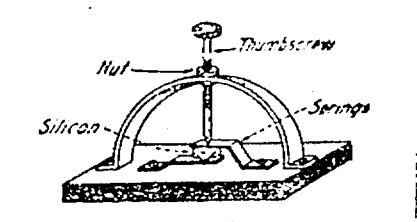

—The Herbert Jackson Co.

The reliable jeweler protects his customer. He does not misrepresent the quality of gems or metals. He wants to please customers and to see his business grow. Half of our new customers come to us upon the recommendation of their friends, who find they can depend upon us.

House of Treasured Gifts

DETECTOR PROVES  
TO BE SUPERIOR

The accompanying drawing illustrates a simple pressure detector that has been found to be superior in many ways to detectors made in other ways and which is very easy for the amateur to make. Its many advantages over the old type are obvious.

Two pieces of sheet or ribbon brass are bent in the shape indicated to form springs, between which a piece of silicon is inserted. Another piece of brass is bent in a semi-circle and with the springs, screwed to a wooden base.

The next step is to drill a hole in the top of the semi-circle of brass so that a nut may be wedged into the hole. A brass thumb screw through the nut adjusts the pressure on the silicon.

All parts used in the construction of this detector are little odds and ends that may be found in almost any home. The springs of an old electric bell may be utilized and a nut, just the thing for the purpose, may be taken from a worn-out battery.

Brands phones, aerial, ground, A-P tube of Cunningham and Crosley socket.

4523 Walnut avenue, Oakland.  
1. Filament 6 volts. Plate from 43 to 200 volts.  
2. Hookup herewith.

S. LINSLEY.  
Radio Editor TRIBUNE: When can I get one of the new crystal sets complete for \$8.70, and what would same cost without wire or clamps?  
RICH W. MORRIS.

Box 51, Sta. A, Berkeley.  
This week at the Western Radio Electric Company, 2200 Broadway and Franklin streets, without wire or clamps, \$7.35.

Radio Editor TRIBUNE: I have a crystal detector, pair of 200 ohm phones, a tuning coil and fixed condenser. While I am listening to music the dots and dashes come in so bad I can't get them out. Is there something I could add in a set to keep them out? My aerial is 70 feet high and four wires and 45 feet long. Is that all right?  
F. AND G. LEBELHART.

1310 Madison street, Oakland.  
If you substitute a loose coupler for your tuning coil you may be able to tune out interfering (teleg) signals. If the transmitting station is in your immediate vicinity, however, you will have a hard time eliminating it with any sort of apparatus.

Radio Editor TRIBUNE: Please answer the following questions:  
Which is the best—25-foot long, 4-wire antenna, or a 15-foot long, 2-wire antenna?  
If an antenna stretched 165 feet long, how many wires would it be reasonable to use? I have an antenna that length with one wire, but do not get good results.

RADIO CLUB MEMBER.  
2325 Emerson street, Oakland.  
1. The two-wire antenna, 75 feet long, is the better.  
2. If the stretch is more than 160 feet, use one wire. The antenna is a little long, but we do not see why you do not get good results. Must be in the set.

Radio Editor TRIBUNE: I would like to ask a few questions:  
1. How can spider web coils be wound to get up to 350 and 200 meters?  
2. Would a variable condenser across the secondary help much?  
H. J. C.

1. See radio page TRIBUNE, April 28.  
2. Yes, if you use spider webs a variable condenser across the secondary and one in series with the antenna would help a great deal.

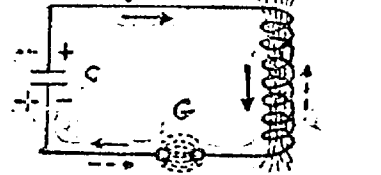

Radio Editor TRIBUNE: I would like to join your Radio Club, so am sending in an address ticket. Please answer the following questions:  
1. What is the natural wave length of an aerial 65 feet high, 20 feet long, 20-foot lead in and 10-foot ground?  
About how far would the TRIBUNE's audio panel receive broadcasting stations, using a short wave regenerative set?

5531 Sixteenth street, Oakland.  
1. You do not state how many wires in the antenna. If only one,

Fifteen Minutes  
of Radio Daily  
By Edward M. Davis

LESSON NO. 43.  
Spark Discharge.  
(Copyright 1922 by Edward M. Davis.)

A spark discharge in the closed oscillatory circuit of a spark transmitter sets up radio-frequency oscillations of decreasing amplitude. This may be functionally explained by use of the following diagram of a closed oscillatory circuit containing a condenser (C), an inductance (L) and a spark gap (G).

It has previously been explained that in actual practice the condenser receives a charge from the secondary of the power transformer and that this charge is stored up in the form of an electrostatic field. By proper adjustment of the spark gap a discharge of the condenser will take place at each alternation of the charging current and for each discharge a group of radio-frequency oscillations will flow through the circuit. When the electrostatic field in the condenser (C)

collapses and a spark jumps the gap (G), a current flows as shown by the solid arrows through the inductance (L) and establishes a magnetic field about the coils. Due to the conversion of the electrostatic field of the condenser into current, the magnetic field of the inductance contracts and in so doing induces a current which flows in the opposite direction shown by dotted arrows and recharges the condenser to the opposite polarity.

The condenser now discharges in a direction opposite to the first in-charge.

closed oscillation circuit

Broadcasting Schedule

The radio broadcasting program for this evening, beginning at 5:30 o'clock, is as follows:  
5:30 to 6:30—Sacramento Bee, music and press.  
6:30 to 6:45—Examiner, music and press.  
6:45 to 7:00—Modesto Herald, press.  
7:00 to 7:15—Fairmont Hotel, financial and weather reports.  
7:15 to 7:30—The Oakland TRIBUNE-Western Radio Institute, Hotel Oakland station, complete general news summary of the day, final baseball scores.  
7:30 to 8:15—The TRIBUNE's special concert, including vocal selections by Ella McVicker and Miss Dorothy Buchner.  
8:15 to 9:00—Rockridge concert.

Following stations: KWG, KJQ, KVO, KJH, KZY, Modesto Herald, KUO and KSL.

6. Does a special license have to be gotten for a phone set?  
7. Is there any limit to the power used on a CW phone set for an amateur station?  
8. What is the matter with KJJ that they do not broadcast?  
9. Does a battery have to be used with a magnavox? If so, what size and voltage?  
10. Can a one-wire aerial be used for transmitting?  
LATHROP HEROLD.

100 South Fifteenth street, San Jose.  
1. KWG, 50 watts; KJQ, 50 watts; KJH, 50 watts; KZY, 2 and 10 kw; KJZ, 250 watts; KSL, 5 watts; KUO, 50 watts, and KSL, 2 watts.  
2. 100 watts.  
3. KSL.  
4. KSL.  
5. A phone set may be operated on a regular amateur license, but not for broadcast.  
6. Power is limited only by the same law that applies to spark sets at the present time.  
7. We do not know what is the matter with KJJ.  
8. Yes, a six-volt storage battery is necessary to excite the fields of a magnavox. A battery of 80 ampere hours capacity is a good size.  
9. Yes, it could be used, but four wires would be better.

stance and builds up a magnetic field of opposite polarity in the inductance, which in turn contracts and recharges the condenser to its original polarity. At each cycle, however, a certain amount of energy has been dissipated, with the result that the amplitude of successive oscillations has decreased, resulting in groups of damped oscillations, the amount of damping depending on how gradually the energy has been extracted from the oscillations.

In order to prevent interference among radio stations, the United States government prescribes a certain definite ratio between the successive amplitudes of the oscillations. The rate at which these amplitudes decrease is known as the "logarithmic decrement" and in order to conform to the United States regulations, must not be greater than 0.2 for each complete cycle, which is equivalent to a minimum number of 23 complete oscillations for a single spark discharge.

DEATH IS VICTOR  
IN FINAL BOUT  
OF DICE WIZARD

SAN BERNARDINO, May 2.—Lew Friedman, said to have been one of the cleverest dice experts in the country, is dead by his own hand—the hand that rolled "seven" and "eleven" for nearly half a million dollars in the last 20 years. Friedman cheated for the first time in his life yesterday, his friends say, when he beat the spectre of tuberculosis by shooting himself as fate was shaking the dice. He could have lived but a few days longer. Friedman did not cash in, he died penniless. A year ago Friedman came back from Cuba with \$20,000 he won in a few weeks, but he gave it away in as short a time to youngsters in the streets from New York to San Francisco. Friends provided him with a tent near Victorville, where he died.

PREST-O-LITE Quality Up!  
PREST-O-LITE Prices Down!

Here is a double-barreled reason for buying the Prest-O-Lite Battery:  
Quality: The backbone of Prest-O-Lite. The plates with peculiar porosity, combined with unusual hardness. Ready, dependable power in coldest weather; great non-buckling heat-resisting strength in summer.  
Price: Our 1922 prices, lowest in years—\$20.90 is the trade-in price for a battery for popular makes

of light cars. Prices correspondingly low on batteries for every make of car. These are not special models; they are regular Prest-O-Lite batteries, backed by the regular Prest-O-Lite guaranty. A definite, generous obligation, plus a spirit that says the car owner must be pleased.  
Prest-O-Lite batteries are specified as original equipment by 87 leading manufacturers, and this list is growing.

If your battery shows signs of weakening, no matter what make, come around and let our experts diagnose its trouble. It costs you nothing. We'll do everything we can to bring the utmost service from it to prolong its life. We never tell you that you need a new battery until you do. That's an unvariable rule of Prest-O-Lite, the oldest service to motorists.
